28.04 To discuss and finalize the Scheme of Examination SoE 2023 of Electronics & Telecommunication Engineering Undergraduate programmes, framed as per NEP 20 Guidelines, issued by Government of Maharashtra through GR No: NEP-2022/(67/23) / DTE-2 dated 04.07.2023. To approve SoE23 and all syllabi of B.Tech I Year.

The Scheme of Examination SoE 2023 of Electronics & Telecommunication Engineering Undergraduate programme, framed as per NEP 20 Guidelines, issued by Government of Maharashtra through GR No: NEP-2022/(67/23) / DTE-2 dated 04.07.2023, has been discussed with BoS experts.

The guidelines created by the Dean (Academic Matters) in accordance with the GR and the key elements of the GR have been thoroughly examined. 176 credits in total have been allocated among the different course categories.

BoS experts appreciated the efforts taken by the department to formulate the SoE as per the NEP 2020 guidelines defined by GoM.

As per the suggestions of BoS experts, complete VIII semester must be provided with Internship as the students are busy as intern in the respective assigned firm and practically, it's become difficult for them to cope with both college and industry timings.

The suggestions of BoS experts have been forwarded to Dean Academic Matters for further approval.

- **Co/Po attainment of subjects taught in Odd semester 2023-24**

Institution is shifting all its processes on a new Information System Software, due to which, we are experiencing slight delay in compilation of the information hence not able to complete the Co/Po attainment process. We have done the attainment of the internal exams but final analysis is still in process.

iii) Stake holders feedback on review and design of curriculum

S.N.	Stakeholder	Feedback	Action Taken
1	Parents	Number of subjects to be reduced for 3 rd , 7 th semester	Since 8 th sem is completely based on industry internship so those subjects adjusted in remaining semesters hence number of subjects are more.
		Since number of subjects are more , syllabus to be diluted	Proposal for diluting the syllabi is proposed in BoS & CDW
		Students should get time for exam preparation	Preparation leave of 1 week is there before end semester exams. Academic calendar reflects the same. As far as MSE is concerned, preparation leave can't be given since syllabus is less.
		Prepare students for exam pattern	Students are given important questions and previous year question papers are also shared in their respective subject Google classroom
		Please keep 1 paper per day if possible.	In ESE, there is 1 paper per day but in MSE there are 2 papers on 1 or 2 days since only 5/6 working days are available for exam and number of subjects for 3 rd semester are 7.
2	Alumni	Core subject must be focus on industry allied so that more Core	<ul style="list-style-type: none">• For the year 2024 batch Core based companies like

29.16 To discuss and propose scheme for Minor and Honor course and its syllabus.

No changes were proposed for Honor course syllabi.

29.17 Any other matter with the permission of the Chair.

Following suggestions given by the Experts

- i. Rather than uniformly distributing the students in all electives, more number of students should be allocated to the electives in demand.
- ii. If option 1 is not practically possible then 3-4 electives out of six in the basket should be chosen as per the interest of students
- iii. The elective in demand may be run in duplicate.
- iv. The position of VEC and VSC in SoE should be flexible.
- v. The subject like Fundamentals Management and Economics (HS) should be shifted from third semester to seventh semester.
- vi. Instead of Marathi language (AEC-2) any other language should be introduced as Marathi is already learnt by most of the students.

All suggestions have been accepted and are being forwarded to the Academic Council for consideration.
