## Feedback Process

#### Yeshwantrao Chavan College of Engineering

#### **FEEDBACK SYSTEM:**

#### Collection of Feedback from Parent, Student, Teacher, Alumni, and Employers:

The institution collects the feedback on curriculum aspects and courses from different stakeholders such as the Students, Alumni, Faculty and Employers. Institution has established Academic Council in order to ensure and analyze the academic excellence at student and faculty levels. Periodical analysis is made by Academic Council from the following: student performance, faculty performance in every semester, utilization of infrastructure and requirements for quality enrichment.

Yeshwantrao Chavan College of Engineering (YCCE) thoroughly reviews the curriculum for every academic year. The college maintains an IQAC as a quality consistence and quality enhancement measure. In supervision of IQAC, various departments and committees like Career Guidance, Anti-Ragging and Sexual Harassment Committee, etc reinforce the curriculum by incorporating updated information and social issues.

Institute collects the feedback physically from stockholders viz. Students, Parents and Teachers on Curriculum which is prescribed by the AICTE, further college website invites ala stockholder to provide feedback through online.

The college conducts annual Alumni Meet, in which suggestions and feedback is received from Alumni students. Feedback from industrial management, R & D establishments and professionals is obtained through college website's feedback blog. The provided feedback data is presented to the Academic Council (AC) Meeting for necessary implementation in curriculum.

- ➤ Alumni surveys are conducted during alumni interaction at the alumni association meeting held every year
- ➤ Whenever any alumni visits the college, feedback is taken
- Further, college website invites alumni to provide feedback through online.
- Feedback from industry, R & D establishments, professional bodies also are obtained.

The formats of Feedback on curriculum for various stockholders to be collected as given below:

**Feedback collected and analyzed:** The data is analyzed and their suggestions are considered and placed before the Academic Audit Committee for discussion and for possible incorporation in the curriculum.

Syllabus Review is given by the concerned subject faculty at the end of semester with regard to implementation of syllabus, mode of presentation, lecture material, suggested books, and updated information.

Curriculum Overview is an expositive survey done by every out-going batch with regard to syllabus designing, faculty sufficiency, campus placements, and infrastructure.

Academic Audit Committee is formed to assess three major aspects, viz., Faculty Performance, Students Support System and Evaluation. The periodical review meeting is conducted to review the following:

IQAC organizes various Faculty Development Programmes in order to enrich the competency level and teaching methods of faculty members. The college encourages the faculty members. The college encourages the faculty to pursue higher education, authorizing books, and publishing papers in journals. The management also conducts seminars/symposia and workshops in every academic year. It is through these programmes we bring out new implications. Apart from this, management supports student involvement through seminars, student's innovations for the further development of curriculum.

#### **Action Taken on Feedback from the stack holders:**

After collecting and assessing the feedback from the various stack holders on curriculum aspects, the valuable suggestions if any, will make notice to the Board of studies to possible changes in the course structure for the next curriculum regulation.

The College follows a continuous review system of the curriculum. The College established an IQAC as a Quality sustenance and Quality enhancement measure. The IQAC has been infusing a sense of belongingness into the entire teaching faculty of the Institution. The functioning of various committees of the College strengthens the quality sustenance and enhancement measures to ensure the effective development of curricula. The college makes efforts to integrate socially relevant issues into the curriculum with the help of the different cells functioning in the college like Career Guidance Cell, Anti-Ragging Cell, III Cell, and NSS. The Academic Audit Committee ensure quality enhancement. IQAC has been organizing Faculty Development Program every year to enhance the professional competency and teaching pedagogy of the faculty. Curriculum is enriched through mini projects/ student conferences/symposiums and innovative club in the college. Students are also introduced to engineering as a profession that requires not only technological

skills but also an ethical orientation, of the need for lifelong learning, and of the importance of Basic Sciences and Humanities courses.

The Institution would like to include the following Curriculum Aspects which enrich the curriculum:

- 1. Flexible and Choice Based Credit System to learn soft core elective courses, professional elective courses and open elective courses offered across the departments.
- 2. Value added courses.
- 3. Courses on communication skills / Professional ethics / Environmental Engineering, and Employability Skills.
- 4. Design experiments in many laboratory courses thereby stimulating creativity and innovation in students.

### Action Taken Report on Students' Feedback on Curriculum

Academic Year: 2023-24

Branch: Civil Engg.

**EVEN TERM (III, V, VIISEM)** 

After taking feedback from students relating to satisfaction towards the curriculum, learning and evaluation, action taken report (ATR) and its key points are as below:-

S.N.	Feedback	Action Taken/ Remark
1	Add building materials and construction as a core subject.	Due to Constrains, the subject Building Construction Materials has been floated as a Professional Elective Course of which students may take benefit. [CV2315 - PE-I: Building Construction Materials].
2	All units are not completed in time	• It is mandatory for all subjects' in
	before MSE1	charges to complete the syllabus before
*		examination. Even though the matter will be taken into account.
3	Innovative teaching learning should	<ul> <li>Innovative Teaching method chosen for</li> </ul>
	be actually fun activity/quiz.	respective subject / topic depends on the content, sometimes it may be group
		activity or individual, and generally it is fun based for better understanding.

# Action Taken Report on Employer Feedback.

**Session:- 2023-24** 

Employer feedback is taken from the students who joined companies after graduation. This feedback is conducted through Employer feedback forms send to students on their mail id. Total 11 responses were received from different employers. Based on responses received from employers, attainment of program outcome is calculated by mapping of POs statement with different questions.

As per the responses, the Program outcome of Employer survey for the session 2023-24 is attained at higher side i.e. more than 87%, so as per the attainment report action taken for the employer feedback is NIL.

In-Charge **Employer Survey** 

Dr. S. P. Raut Head, Department of Civil Engg. YCCE

# Alumni Feedback on Curriculum Development

#### Yeshwantrao Chavan College of Engineering

nous Institution affiliated to Rashtrasant Tukadoji Maharaj Nagpu Hingna Road, Wanadongri, Nagpur - 441 110

NAAC Accredited with 'A\*\*' Ph.: 07104-237919, 234623, 329249, 329250 Fax: 07104-232376, Website: www.ycce.edu

#### DEPARTMENT OF CIVIL ENGINEERING

**Our Vision** 

To become most sought-after destination for learning and research in civil engineering.

**Our Mission** 

To prepare Civil Engineering professionals by practicing analytical, design tools, Field learning and live industrial projects in conducive environment.

### Action Taken Report on Alumni Feedback Survey 2023-24.

Alumni feedback survey is taken after the End of the Program. This feedback survey was conducted through Google form, and 125 responses were received. As per student responses, the program outcome is on higher side i.e. greater than 92%. Remarks received from alumni on curriculum are mailed to BOS Secretary.

So as per the report, the action taken for the alumni Feedback survey is NIL.

1. Summer internship program should be started for 3rd year students, after completion of 2nd year and before starting of 3rd year.
Similar to ramdeobaba college of engineering. Where a 6 week summer internship program is followed.
2. Internship program conducted in 8th semester should be conducted in 7th sem. And the final semester should consist of regular theory and practical subjects of 7th sem.
3. Important subjects like estimating and costing, RCS should be thought in 2nd year only. And a New engineering materials should be made mandatory for everyone, and not as a

professional elective.

# Action Taken Report on Students' Feedback on Curriculum

Academic Year: 2023-24

Branch: Civil Engg.

**EVEN TERM (III, V, VIISEM)** 

After taking feedback from students relating to satisfaction towards the curriculum, learning and evaluation, action taken report (ATR) and its key points are as below:-

S.N.	Feedback	Action Taken/ Remark
1	Add building materials and construction as a core subject.	Construction Materials has been floated as a Professional Elective Course of which students may take benefit. [CV2315 - PE-I: Building Construction Materials].
2	All units are not completed in time	• It is mandatory for all subjects' in
	before MSE1	charges to complete the syllabus before
*		examination. Even though the matter will be taken into account.
3	Innovative teaching learning should	<ul> <li>Innovative Teaching method chosen for</li> </ul>
	be actually fun activity/quiz.	respective subject / topic depends on the content, sometimes it may be group
		activity or individual, and generally it is fun based for better understanding.

#### Action Taken

The Academic Council approved modifications in the course contents and alterations in the prescribed text/reference books for the mentioned courses. These changes have been incorporated with immediate effect.

# Item 30.4. To discuss and approve the outcomes of Feedback & result analysis suggested by BoS and ATR

The Academic Council suggested that the CO/PO attainment should be presented in BoS meeting and discussed in A.C. meeting in a specific format as provided by Dean (OBE) at the end of academic year. Subject to following corrections Academic council approved the outcomes of Feedback & result analysis suggested by BoS and its ATR.

Following suggestions proposed by A.C.

- o In Mechanical Engineering the target value of CO should be raised
- For General Engineering PO target set is very high and therefore shall be rationalized.
- General Engineering should address their own courses only and need not address allied courses belonging to engineering departments.
- The target set should be low for 1<sup>st</sup> year courses.
- Academic Council suggested to present First year results after declaration of results of Re-sit examination.

#### Action Taken

As suggested by Academic Council that the CO/PO attainment be presented during the BoS meeting and discussed in the A.C. meeting in a specific format provided by Dean (OBE). The necessary action has been taken accordingly.

Item 30.5 To discuss and approve the Scheme of Examination Autonomous 2023 scheme for UG as per NEP and GoM guidelines and PG Scheme

DAM presented 1st to Final year SoE 2023 and sample syllabus of First semester to Fourth semester to Academic Council

#### **Action Taken**

Academic Council approved Scheme of Examination 2023 (SoE 2023) as proposed and discussed and started being implemented w.e.f. A.Y. 2023-24 onwards for first to Final year UG and PG programs.

#### Item 30.06 To discuss and finalize the changes, if any, in Academic Regulations

Following agenda points were discussed in details by Academic Council,

- 1) Process of "Credit Transfer" for those who have completed one or more semester/Courses from other colleges under this scheme.
