EXIT FEEDBACK 2023-24

The Exit Feedback was conducted to assess the final satisfaction level of students regarding the processes and facilities of the institution. The detailed analysis is attached for your reference. The following observations need attention and corrections:

1. The overall attainment is an average of 97.01%. However, there should be a greater focus on solving complex engineering problems and relating the required knowledge to economic and environmental issues.
2. The academic experience is satisfactory. The teaching methodology should be improved to make it more effective, and faculty should provide special assistance for ESE preparation.
3. The evaluation process, including assessment methods, is excellent. However, more personal attention should be given during practicals.
4. The library experience is satisfactory.
5. Drinking water and washrooms are a cause for concern in all departments.
6. Computing facilities should be made virus-free, and high-speed internet bandwidth and campus-wide Wi-Fi should be available throughout the college.
7. Support for summer internships should be strengthened by the T & P department.
8. Interaction with students by Accounts, Students Section, Hostel, CoE office, and T & P needs improvement.
9. A large number of students would like to remain in contact with the college through email and WhatsApp.
