Subject: Request to conduct sessions for 'Structural Engineering Practices'

Respected Sir,
Thank you for your prompt response in providing us with the syllabus of the 'Structural Engineering Practices' subject.
The syllabus framed by you is comprehensive and would definitely help our students in developing their knowledge as Civil Engineers. We feel that the students would benefit even more if an experienced industry figure like you can take some sessions to teach some of these topics yourself to the students.
We hope you will be able to take some time and oblige to our request and in this case, kindly let us know the topics you would like to cover from the framed syllabus.

Thank you once again for your valuable time and effort.

Respected Sir,

Thank you for your letter.

I am glad to know that the framed syllabus suited your requirements and will be implemented as part of your curriculum.

I would be glad to accept your request and conduct sessions on few topics from this syllabus. It will be my objective to provide the students with as much practical knowledge as possible on the selected topics.

Referring to the syllabus provided earlier, I will be taking sessions on **Unit III, Unit V and Unit VI**.

Kindly let me know in advance the schedule for these and if any other resources are needed from my end.

Looking forward to working with your reputed institution. Thank you.

DEPARTMENT OF CIVIL ENGINEERING

Report on Industry Aligned Course "Structural Engineering Practices-CV-2440" Session-2022-23

Department of Civil Engineering has conducted **Industry Aligned Elective Course (PE-V) "Structural Engineering Practices"** CV-2440 for VII semester students as part of curriculum in session 2022-23 For this, syllabus was framed by the industry person **Er.Satish Raipure,** (Structural Designer & Consultant, Vighnaharta Pvt.Ltd) and out of 06 Units, 03 Units was delivered by Er.Satish Raipure. The number of Students registered for the course is 39.

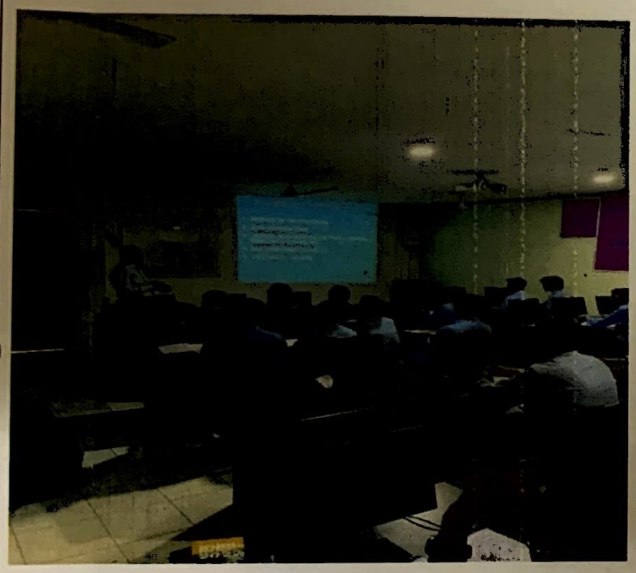

In today's rapidly evolving job market, there is a growing demand for skilled professionals who possess the right knowledge and expertise to thrive in their chosen fields. To address this need, educational institutions and industry leaders are collaborating to develop and offer industry-aligned courses. These courses are specifically designed to equip students with the practical skills and knowledge required to succeed in the job market. This report aims to explore the concept of industry-aligned courses and their significance in bridging the gap between education and employment. Industry-aligned courses are educational programs that are developed in collaboration with industry partners to ensure that the curriculum aligns with current industry requirements. These courses are designed to provide students with a blend of theoretical knowledge and practical skills relevant to specific industries or sectors. By incorporating industry input, these courses stay up-to-date with the latest trends, technologies, and practices, enhancing students' employability. Industry-aligned courses focus on imparting skills and knowledge that directly match the requirements of the job market. This ensures that graduates are equipped with the skills needed to perform their roles effectively and efficiently.

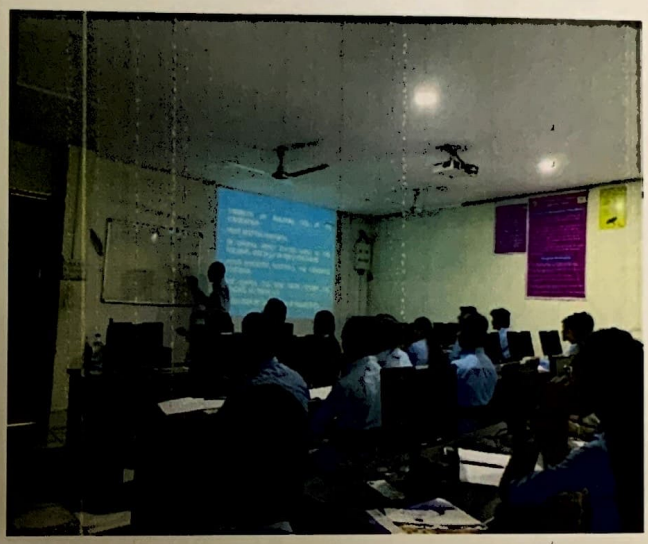

The purpose of conducted the Industry-Aligned Course is to give an exposure to the students in the area of Structural Analysis and Design which will help them in completing their design project effectively.

Value Added Course
on
"Highway Engineering Design by Civil 3D"
01st 2nd 9th 10th15th 2022

Department of Civil Engineering; YCCE organized program on Value Added Course on **Highway Engineering Design by 3D Civil** for **V semester.** The program is chaired and inaugurated by **Dr. S.P. Raut and Prof. S.G.Hirekhan** in Presence **Chief Guest of program Mr. Intaz Ali, Trainer, CADD Centre ,Nagpur** on 01 Oct to 15 Oct-2022

To begin with, the students have to understand the basic concept of **Highway Engineering Design by 3D Civil** software, that enables rapid and accurate design of all road types in civil engineering work. In this course students will learn a practical way of designing a realistic road using Civil 3D road design software provides workflows for the road design process, leveraging existing Civil 3D features such as alignments, profiles etc.

Objectives of the Workshop

- To aware of Civil 3D software for Highway Design and Drawing that addresses all aspects of Transportation engineering to create existing surface conditions,design alignment,apply design criteria
- To Enhance knowledge in the field highway engineering design by civil 3D will help students to pursue their career in the field of road, highway engineering.
- To boost the entrepreneurship in the field of designer of road, highway engineering ,perform design optimization of the already analysed model.

The students of third year were present in this program of B.E./B.Tech Civil Engineering. Highway Design by civil 3D it allows to edit data more quickly and easily. The files can also be easily saved and stored in the cloud, so they be accessed anywhere at any time. Objectives of the Workshop

- To Enhance knowledge of Civil 3D software for Highway Design and Drawing will help students to pursue their career in the field of transportation engineering .
- To aware of various civil software for Highway Engineering as it is a software that addresses all aspects of Highway engineering to create existing surface conditions,design alignment,apply design criteria
- 3D modeling, animation, rendering, and compositing solutions for diverse range industries like Engineering or Architectural designing, motion graphics creation, etc.
- To boost the entrepreneurship in the field of designer of road, highway engineering ,perform design optimization of the already analyzed model

The participation fess for this course is Rs. 200/- per student.

The student participants will be awarded certificate of participation. Minimum 80% Attendance is Mandatory along with successful completion of exam after the course will be require to get the certificate.

Subject: Invitation as a speaker for value added course on " **Highway Engineering Design by 3D Civil"**

Dear Sir/Madam,

Nowadays the students coming to basic engineering streams such civil engineering have diverse aspirations. However, they are perceived to be lacking in knowledge in a variety of Various Software. So while they just embark upon the journey of various civil engineering domains by getting introduced to core civil engineering software.This problem is best addressed by the proposed program which will delve into the various aspects of **Highway Engineering Design by 3D Civil**

It gives us immense pleasure to invite you to give hands on training to our students by 3D civil software for **Highway Engineering Design** . The value added course scheduled on 01/10/22 to 15/10/22 at the Department of Civil Engineering, YCCE, Nagpur .

The targeted participants are students of **B.E. V sem.** Hoping that the process of interactive session will be mutually enriching and our young students will be benefited out of your rich treasure of experience.

Respected Sir,

It is a matter of great pleasure and pride to have you as a Speaker for Value added course on **Highway Engineering Design by 3D Civil** being organized on **01 Oct** to **15 Oct-2022** at Department of Civil Engineering, Yeshwantrao Chavan College of Engineering, Hingna Road, Nagpur, Maharashtra.

We express our heartfelt thanks for accepting our invitation as Speaker and delivering the fruitful and knowledgeable lectures. We firmly believe that without your contribution and presence organizing this Value added course would not have been possible so successfully.

Looking forward to your continued association with us,

DEPARTMENT OF CIVIL ENGINEERING

Value Added Course on
"Project Management Software by Microsoft Project for Building Design"
25th March to 16th April 2023

Department of Civil Engineering; YCCE organized Value-Added Course on **"Project Management Software by Microsoft Project for Building Design"** under the Under the aegis of IQAC, YCCE & in association with IE(I) Student Chapter with expertise of Mr. Sagar Deogirkar (Head, CADD Center, Nagpur).

Mr. Sagar Deogirkar, Head, CADD Center, Nagpur, the key person behind this training took dynamic sessions of 30 hrs (5 hrs each day) from 25th March to 16th March 2023. Total 135 students of Third year UG have registered for this course. The course has been organized by Prof. Snehal Kamble & Prof. Pallavi Chakole.

Microsoft Project is a project management software that is commonly used to manage complex projects across various industries, including building design. The software offers a range of features and tools that enable project managers to plan, track, and manage all aspects of a building design project, including scheduling, resource allocation, budgeting, and risk management.

One of the key features of Microsoft Project is its Gantt chart, which allows project managers to create a visual representation of the project schedule and timeline. This chart can be used to identify critical path activities, track progress, and identify potential delays or issues. The software also allows users to allocate resources, such as staff and equipment, to specific tasks and activities, and to monitor resource usage and availability.

Objectives of the Workshop

- To aware of Microsoft Project is a project management software as it is a comprehensive project management software that addresses all aspects of structural engineering including building design project, including scheduling, resource allocation, budgeting, and risk management.
- To Enhance knowledge of Microsoft Project is a project management software will help students to pursue their career in the field of project planning management of civil engineering.
- To boost the entrepreneurship in the field of project planner.

DEPARTMENT OF CIVIL ENGINEERING

The expected audience are third year students of B.E./B.Tech Civil Engineering.

The purpose of conducting the workshop is to give an exposure to the students in the area of project planning and management which will help them in planning their carrier in the field of designing effectively. The workshop is conducted in between 25th March 2023 to 16th April 2023 with the student participants awarded certificate of participation.

Subject: Invitation as an expert for Value Added Course on "Project Management Software by Microsoft Project for Building Design".

Respected Sir,

Department of Civil Engineering is Organizing Basic certificate course on "Project Management Software by Microsoft Project for Building Design" from 25th March to 16th April 2023.

Microsoft Project is a project management software that is commonly used to manage complex projects across various industries, including building design. The software offers a range of features and tools that enable project managers to plan, track, and manage all aspects of a building design project, including scheduling, resource allocation, budgeting, and risk management.

We cordially invite you to accept our invitation as an expert in the subject of this course, with special reference to your experience and knowledge in this sector.

Your quick response in this regard will be highly appreciated.

Thanking you.

Value Added Course on Transportation Design by MX Road
01st, 2nd, 8th, 9th & 23rd October 2022

Department of Civil Engineering; YCCE organized program on Value Added Course on Transportation Design by MX Road **for V semester.** The program is chaired and inaugurated by **Dr. S.P. Raut and Prof. H.R. Nikhade** in Presence **Chief Guest of program Mr. Amitava Halder, Trainer, CADD Centre ,Nagpur** on 01 Oct to 23 Oct-2022

To begin with, the students have to understand the basic concept of Transportation Design by MX Road software, that enables rapid and accurate design of all road types in civil engineering work with MX Road. In this course students can understand the MX road application and MX ROAD key features, students can also create new project, CAD tools, Hiding or deleting MX graphical elements, create 2D to 3D view surface, create a composite model and collinear with profile model.

Objectives of the Workshop

- To aware of MX Road by Transportation Engineering as it is a software that addresses all aspects of Transportation engineering including model development, verification, analysis, design and review of results
- To Enhance knowledge in the field Transportation Design by MX Road will help students to pursue their career in the field of Road, highway Engineering.
- To boost the entrepreneurship in the field of designer of road, highway engineering.

The students of third year were present in this program of B.E./B.Tech Civil Engineering.

Transportation Design by MX Road it allows to edit data more quickly and easily. The files can also be easily saved and stored in the cloud, so they be accessed anywhere at anytime. In Civil engineers work Digital Terrain Model (DTM) creation and analysis, alignment, road and junction design capability, road design carriageways, cross fall checker, road widening, shoulder design, kerb, verges and footways can design using MX road.

Purpose of conducting the online training program on Transportation Design by MX Road software are is to give an exposure to the students in the area of Transportation Engineering work by Mr. **Mr. Amitava Halder, Trainer, CADD Centre , Nagpur**. In his session discussed introduction to MXROAD key features, CAD tools, Survey input, rename model, design alignment by element method, junction design using MX Road. Total 94 Students are present in the program.

Respected Sir

It is a matter of great pleasure and pride to have you as a Trainer for **"Value Added Course on Transportation Design by MX Road"** being organized from **01th to 23rd Oct 2022 at Department of Civil Engineering, Yeshwantrao Chavan College of Engineering, Hingna Road, Nagpur, Maharashtra.**

We express our heartfelt thanks for accepting our invitation as Speaker and delivering the fruitful and knowledgeable lecture. We firmly believe that without your contribution and presence, organizing this course would not have been possible so successfully.

Looking forward to your continued association with us.

Subject: Invitation as an expert for "Value Added Course on Transportation Design by MX Road"

Respected sir,

Department of Civil Engineering is Organizing **"Value Added Course on Transportation Design by MX Road"** for V semester students from dated 1st -23rd Oct 2022. Digital Terrain Model (DTM) creation and analysis, alignment, road and junction design capability, road design carriageways, cross fall checker, road widening, shoulder design, kerb, verges and footways can design using MX road. This will assist students in gaining a better understanding of their career options in the field of Transportation, software as well as promoting entrepreneurship

We cordially invite you to accept our invitation as an expert in the subject of this course, with special reference to your experience and knowledge in this sector.

Your quick response in this regard will be highly appreciated.

Thanking you.

2. Date of Conduction: 12/09/2022, 13/09/2022 and 15/09/2022
3. Number of Faculty participant: 15
4. Number of Student Participants: 200
5. Short Description of the event:

As a part of curriculum, Department of Mechanical Engineering has been organized "Industrial Visit at **Kinetic Gears & Heat Treatwells,** MIDC Nagpur for the students of B.E. Mechanical engineering (Fifth semester) as well as faculties to get understand the working and operating practices at industry. This industrial visit was accompanied by Mr. Chandna, Advisor, **Kinetic Gears** and Mr. Praful Jamdar, Director, **Heat Treatwells.** Prof. Rajesh Bodkhe (Coordinator, Industrial Visit), Prof. Vivek Korde, Prof. Prashant Shende, Dr. Shilpa Shahare, Prof. Pratik Lande and Prof. Nilesh Gedam coordinated this activity.

PREAMBLE

This Memorandum Of Understanding (MOU) is entered into by and between the Yeshwantrao Chavan College of Engineering (YCCE), with a registered address at Hingna Road, Wanadongri, Nagpur, - 441110, Maharashtra and the Maharashtra Remote Sensing Application Centre (MRSAC), with a registered address at VNIT Campus, South Ambazari Road, Nagpur – 440010, Maharashtra.

YCCE and MRSAC are referred to collectively, as "Parties" or individually as "Party."

1. Purpose of the MOU: Definition

1.1 The primary objective of this MOU is to support YCCE sending its student(s), or faculty member(s) to the MRSAC for the purposes of study, learning, teaching and/or research, internships, projects.

1.2 Establish certain collaborative programs beneficial to both Institutions and to promote the development of joint studies, research and training activities, and other educational exchanges of mutual interest.

1.3 The purpose is to create a means for cooperative efforts between parties to affect the academic and research activities, projects and internships, exchange of faculty for conducting workshops, seminars, guest talks between the two parties.

2. Areas of Collaborations

The areas of potential collaboration between the Parties in the fields of education, teaching, research and innovation shall include, but not be limited to:

2.1 Education OR Academics

2.1.1 Both Institutions may also invite staff and/or faculty members from the other Institution to visit and be involved in short-term teaching and/or consultation.

2.1.2 Both Institutions may also invite staff and/or faculty members from the other Institution to Development of teaching and learning strategies or material.

2.2 Student Exchange and Training by MRSAC for students of YCCE.

2.2.1 Students from YCCE who wish to carry out the project work at MRSAC.

2.2.2 Students from YCCE can do the internship at MRSAC as per the acceptance and rules and policies of the MRSAC.

2.3 Research Collaborations

2.3.1 To support the research activities, conducting joint workshops, seminars, expert/guest talks, conferences.

2.3.2 Based on the mutual interest, the faculty of the institution will do the joint research.

2.3.3 Joint research publications from both the institutions.

2.3.4 YCCE seeking expertise from faculty of MRSAC for establishing some research labs or facilities in some niche areas of research.

2.3.5 Allowing each other to use some lab or research facility for some joint or standalone research activity or project as per the terms and condition agreed upon by both parties on case-to-case basis.

3. Intellectual Property and Research Collaboration Agreements

3.1 All publications resulting from the educational, research collaborations between the two Institutions shall acknowledge the existence of the collaboration formed under this MOU. Likewise, the relationship between the Parties shall be mentioned in all courses and formal presentations which result from any collaboration formed under this MOU.

4. Financial Obligations

The financial obligation will be based on activity to be undertaken and will be decided by mutual consent however,

4.1 For joint research activities the lab or special facilities will not chargeable however for Standalone projects such facilities will be chargeable as per the rules of the respective institution.

4.2 The remuneration or the fees for availing expertise of the other institution will be as per the norms and rules of the respective institution and will be on chargeable basis.

5. Commencement, Renewal, Termination and Amendment

This MOU will come into force upon affixing the signatures of the representatives from both the institutions and will remain in effect for Five years. This MOU may be renewed upon its expiry with the agreement of both parties, at least before 3 months of expiry date. If either party wishes to terminate the MOU at any time, the party must notify the other party not less than three months prior to the expiry of the MOU.

This agreement or its renewal and the actions taken under it shall be reviewed every year. Modifications may be made by mutual agreement and any amendment or extension to the agreement may be formalized by the exchange of letters between the two parties.

Report

Industrial Visit to "**MRSAC, Nagpur.**" was organized for VII semester(A+B) B. E. Electronics Engineering students, on 18/11/2022. The visit was attended by 35 students of Seventh semester Electronics Engineering for course Introduction to Remote Sensing and Image Analysis.

The visit started with address by Senior Scientist at Nagpur Center, **Dr. Sanjay Balamwar**. He elaborated the activities of MRSAC Nagpur center and encouraged the students to understand the different types of task performed by the Center.
He gave demo of three dimensional view of the land region captured by using drone and converted to three dimensional view by using latest technology at their center. Students were also shown the different types of operations performed on raw satellite images for geometric and radiometric corrections. The classification using supervised and unsupervised methods was also elaborated and demonstrated. Students came to know about different competitions at TCS organization for the students through which they can acquire internship or job opportunities.

What you understand after completion of Industrial Visit which you don't know earlier.
➢ Actual working of types of operations performed on raw satellite images ➢ Geometric and radiometric corrections on raw satellite images ➢ The classification using supervised and unsupervised methods ➢ Future scope in remote sensing

What significant changes occur in you after this Virtual Industrial Visit?
➢ Learned a lot about how the company works ➢ After industrial visit i now want to do internship in MRSAC ➢ After visit in used to understand the usage of remote sensing in real life ➢ I got the confidence that if one has developed the specific skills for the given task then they can easily do their work in the company ➢ I think that change occurred in myself that is dedication, more and more disciplined .Consistency, focused

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding is entered into on this **19th day of July 2021**,

Council of Scientific and Industrial Research, a society registered under the Societies Registration Act (XXI of 1860) and having its registered office at Anusandhan Bhavan, 2, Rafi Marg, New Delhi 110 001, through the Director, **CSIR-National Environmental Engineering Research Institute**, having its office at Nehru Marg, Nagpur (hereinafter called as '**CSIR-NEERI**', which expression shall, unless repugnant to the context or meaning thereof be deemed to mean and include its successors and permitted assigns) of the one part,

AND

Yeshwantrao Chavan College of Engineering (An Autonomous Institution affiliated to RTM Nagpur University, Nagpur and having its registered office at Hingna Road, Wanadongri, Nagpur-441110 (hereinafter called as **'YCCE'**, which expression shall where the context so admits include its successors and permitted assigns) of the second part.

In the spirit of intellectual cooperation, scholarly exchange, and partnering with leading institutions, **YCCE and CSIR-NEERI** agree to establish a program of exchange and collaboration on related matters of mutual interest on multidisciplinary research.

1. The purpose of the cooperation is to promote collaborative research and to facilitate the exchange of ideas, development of new knowledge and enhance high quality research acumen. The major thrust of the research on which the parties will cooperate is Environmental Science & Engineering. The modes of co-operation will include :

    a. Exchange of faculty and students for the purpose of research and teaching;
    b. The projects shall be taken jointly for Research, Professional development programs, and Capacity Building;
    c. Dissemination of findings through scholarly publication, white papers, and in the media;
    d. Jointly protect, exploit, commercialize and deploy intellectual property developed jointly.

2. To achieve the goals of this cooperation, both parties will

    a. Promote institutional exchange by inviting faculty and student researchers of the partner institution to participate in appropriate research activities;
    b. Organize symposia, conferences, and meetings on timely research issues;
    c. Develop and carry out joint research programs; and
    d. Exchange information pertaining to the agreed-upon research areas.

3. Prior to the initiation of any particular project or activity, the specific terms of cooperation and exchange for that project will be discussed and agreed upon in writing by the appropriate responsible representatives of both institutions.

4. Both parties understand that all financial arrangements for specific exchange activities must be mutually agreed upon and will depend on the availability of funds. In addition, the scope of the activities will be subject to funds available at the institutions for the type of collaboration undertaken and any financial assistance that may be obtained by either from external sources.

5. Either party may propose to the other specific individual research projects for collaboration. Such proposal may be made at any time and the parties will develop an agreement for each agreed-upon project. The protection and exploitation of any intellectual property arising out of a research project will be addressed in each individual project specific agreement for each activity separately.

6. Each Party agrees to release and hold the other harmless from and against any claims, damages, liability or costs, to the extent such claims damages, liability or costs do not arise from the negligent or willful acts or any of its agents or employees in connection with their respective performance under this MoU.

7. All publications in the programmes of co-operation will be co-authored by the concerned staff/Research Fellow of CSIR-NEERI and YCCE.

8. Both parties agree that in the course of implementing this MoU, they will not engage in unlawful discrimination on the grounds of race, gender, sexual orientation, age, religion, social class, national or ethnic origin or disability.

9. Amendments to this MoU may be made at any time after consultation and agreement between the two institutions. Any such amendment must be in writing and signed by both parties.

10. This MoU will remain in force for a period of 5 (five) years from the date it is fully executed. The MoU can also be suitably modified, as agreed to by both the parties, to reflect an increased scope, nature of engagement /activities. In addition, either party may terminate the MoU in advance of its normal expiration by providing the other with two months' prior written notice. In this case, persons already approved as exchange participants will be allowed to complete their exchange visits under the conditions specified at the time of their invitation to the host institution.

11. Any dispute between the parties arising from this Agreement shall firstly be settled amicably through negotiations and dialogue in good faith, failing which the same shall be referred to Delhi International Arbitration Centre (DIAC), Delhi High Court, New Delhi and shall be settled by Arbitration which shall be conducted in accordance with the provisions of (Indian) Arbitration and Conciliation Act, 1996 or any subsequent amendment thereof.

The seat of such Arbitration shall be at New Delhi, India and the language shall be English. The Award shall be final and binding upon the Parties. This Agreement shall be governed and construed in accordance with the laws in India. Each party shall bear and pay its own cost of arbitration proceedings. The provision of this clause shall not become inoperative notwithstanding this agreement expires or ceases to exist or is terminated or revoked.

INDUSTRIAL VISIT REPORT

To,
The Principal,
YCCE, Nagpur.

Subject: Report of Industrial Visit at NEERI Nagpur.

Respected Sir,

With reference to the above subject mentioned, we conducted the industrial Visit on dated 17-10-2022, 18-10-2022, and 19-10-2022, for the 5th-semester students, total 204 students participated in this activity. The students observed the functioning of the AIR POLLUTION CONTROL DIVISION, ENVIRONMENTAL IMPACT AND SUSTAINABILITY DIVISION, and CLEANER TECHNOLOGY AND MODELLING DIVISION.

This visit has been conducted as a part of the curriculum of B. E. Fifth semester Electronics & Telecommunication and to the industrial exposure to our students so that they apply the knowledge of science, mathematics, and engineering to benefit society. Dr. P.W.Raut, Prof. S.A.Desai, Prof M.S.Patil and Prof. Y. S. Kale Faculty In charge worked hard throughout the visit. He has prepared the industrial visit schedule, taken permission from **NEERI Nagpur,** and successfully organized this visit.

This is for your kind information.
Thanking You.

This MOU entered into between VJTI and YCCE represented in this MOU by the respective Directors/ Principal on behalf of Board of Governors / Board of Management, of their Institutes which shall mean and include their successors in interest and assigns.
Following points are agreed upon as part of this understanding:

Terms &Conditions

1. **Nature of Relationship:**
   This MOU is for collaboration between both parties, for mutual benefit, for the many purposes set out in **Annexure I** to enhance the quality of the educational experience for faculty staff and students.

   This MOU shall be valid for 5 years from the date of signing and each party shall be at full liberty to terminate the collaboration, with a notice period of 3 months.

   Both parties shall take all reasonable steps to ensure the successful completion of the collaboration and co-operate with each other in duly carrying out the obligation agreed upon.

2. **Mutual Obligation:**
   2.1 This collaboration shall not be exclusive to both parties and shall not disallow each party from having similar collaboration with others. Except as expressly stated in this MOU, there shall be no obligation on any party to compensate the other in any manner or to make any claim.

   2.2 Each party shall respect the other's intellectual property (IP) and shall not use any trade name, trademark, symbol/logo, or designation belonging to the other, without prior written approval. No party shall hold out as an agent or representative of the other or create any liability for the other. The parties shall indemnify the other for breach of this clause.

   2.3 Both parties shall maintain confidentiality about any information, course material, plans, discussions, strategies or any material, which shall be deemed to be confidential and marked accordingly. Any information, course material or the like in the public domain shall not be part of this commitment.

3 **Limitation and Warranties**
   3.1 Each party shall ensure that the other is not put to any liability for any act of the respective party.

   3.2 Each party represents that they have the full power and authority to enter into this MOU in general.

4 General

4.1 Both parties will designate a representative from its side who will be the primary point of contact on behalf of that party.

5. Commitments from Mentee Institute towards this MoU.

5.1 Readiness to bear some costs attached to Mentor Institute services, including hosting faculty of Mentor Institute (VJTI) for the period of time spent by Mentor Institute faculty in mentee institution

5.2 Investments for consumables, miscellaneous maintenance expenses in case of students' projects/internships at Mentor Institute (VJTI).

AMENDMENT TO THE MOU :-

No amendment or modification of this MOU shall be valid unless the same is made in writing by both the parties or their authorized representatives and specifically stating the same to an amendment of this agreement. The modification/ changes shall be effective from the date on which they are made/ executed unless otherwise agreed to.

ARBITRATION :-

In the events of any dispute or difference between the parties hereto, such disputes or differences shall be resolved amicably by mutual discussion of the Directors of the two institutes.

Now, therefore, for and in consideration of the foregoing premises the parties have signed the Memorandum of Understanding **23rd day of September 2022.**

Semester : 5th

Summary:

For the 5th semester students, the Department of Computer Technology at YCCE organized an Industrial Visit to **"ISRO Regional Sensing Centre" on 07/10/2022.** The Main objective of the visit was to provide a technical Exposure to the students about Space Technology. The place unfolds tales on the Space Programs. Experts their shared activities particularly on remote sensing, types of satellites, satellite launch vehicles. The museum has information panels and working models. Students were then taken to the audio-visual room where they saw documentaries. Students got benefited by learning various developments, applications like reconnaissance, communication & doing research in space technology. Many trending technologies used in space research were also highlighted during the visit. After listening to the success and glimpsing the works of this epitome research center, students were like overflowing with motivation. The Industrial Visit was a great benefit for the students to directly understand about the various concepts of satellite and space missions done by ISRO.

Department of Computer Technology

Vision of the Department

To be a well-known centre for pursuing computer education through innovative pedagogy, value-based education and industry collaboration.

Mission of the Department

To establish learning ambience for ushering in computer engineering professionals in core and multidisciplinary area by developing problem-solving skills through emerging technologies.

Notice

All the students are hereby informed that, Department of Computer Technology is going to organize **One day Student Development Program (SDP)** on "**Greedy & Dynamic Algorithm with Time Complexity Analysis**". The Program will be conducted by **Dr. Jitendra Tembhurne, Assistant Professor, IIIT Nagpur.**

It is inform to all the students of VI Sem (A&B) gather in venue to take the benefit of this program to get the knowledge about Greedy method and Dynamic Programming in Design and Analysis of Algorithm. Attending this SDP is mandatory to all.

Date : **14th March 2023**
Time : **10.30 am to 4.30 pm**
Venue: **CCC Auditorium**

Greedy & Dynamic Algorithm with Time Complexity Analysis

Contents:

Greedy method
- Basic strategy
- Application to job sequencing with deadlines problem
- Minimum cost spanning trees
- Single source shortest path, etc.

Dynamic Programming
- Basic strategy
- Multistage graphs
- All pair shortest path
- Single source shortest path
- Optimal binary trees
- Traveling salesman problem

Date: 14th March 2023
Time: 1:30 PM – 4:30 PM

ReportOn
Student Development Program on "Greedy & Dynamic Algorithm with Time Complexity Analysis"
2022-23

Date: 14/03/2023
Topic: Student Development Program On "Greedy & Dynamic Algorithm with Time Complexity Analysis"
Speaker: Dr. Jitendra Tembhurne, Assistant Professor, IIIT Nagpur
Organized by: Prof. Prachi A. Bainalwar (Assistant Professor, and Dept. of C.T.), Mr. Ganesh K. Yenurkar, (Assistant Professor, and Dept. of C.T.)
Dates: - 14/03/2023
Delivery Medium: - Through MS Team
No Of Participants: - 142
Summary of Session:
The Session was provided by Student Development Program On "Greedy & Dynamic Algorithm with Time Complexity Analysis" in Computer Technology Department to 6th semester students. Around 142 students were benefitted by this session. The session was made interactive by giving importance of Greedy & Dynamic Algorithm with Time Complexity Analysis given by expert to students. The lecture was ended with votes of thanks.

MEMORANDUM OF UNDERSTANDING

Between

Department of Computer Technology,

YESHWANTRAO CHAVAN COLLEGE OF ENGINEERING, NAGPUR

And

iBase Electrosoft LLP., Amravati

Legitimate From: 25th April 2023 to 24th April 2026

This Memorandum of Understanding (MOU) is entered into as effective from 25/04/2023 ("Effective Date") up to 24/04/2026 and between:

Department of Computer Technology, Yeshwantrao Chavan College of Engineering, (YCCE) Nagpur, a self -financed engineering educational institute engaged in providing the technical education at the undergraduate (UG) and postgraduate (PG) level having office at Wanadongri, Hingna Road Nagpur, hereafter referred as the (YCCE) Whereas

And

iBase Electrosoft LLP., Amravati having office at Near Oswal Bhavan, Mudholkar Peth, Rajapeth Road, Amravati, Maharashtra 444601, hereafter referred as the company, whereas:

Department of Computer Technology, YCCE and, **iBase Electrosoft LLP., Amravati** had discussions for promoting the industry institute interaction for the further enhancement for the quality of the education and the employability of the fresh graduate and post graduate engineers and hereby wish to enter into an understanding with each other.

Now therefore this MOU witnesses:

Department of Computer Technology, YCCE and **iBase Electrosoft LLP., Amravati,** would work together and cooperate with each other for their shared areas of concern and interest as detailed further. During the period of MOU, both the institute and the company would try to cooperate and collaborate with each other in the identified areas of mutual interest for mutual development.

On its part, the company shall consider and try, to the extent possible-

1 To provide resource persons for the guest lectures for the student and faculty development programs organized by the department from time to time on request from the department.

2 To grant the permission for the visits of the faculty members and the students to the company as per mutually convenient dates and schedule.

3 To provide live/ industry projects to the students at the UG and the PG level.

4 To grant the permission for the vocational training to the interested and eligible students.

5 To provide the feedback of the alumni of the institute employed by the company.

6 To provide the advisory services of the expert human resource available with the company to the institute for various committees and bodies constituted by the college and working for areas like curriculum development, industry partnership, national and international conferences etc.

7. To jointly offer Professional elective/s relevant to current industrial need wherein content delivery will be done fully/partially by the industry expert.

On its part, the institute shall consider and try, to the extent possible

1 To make the maximum benefit of the various training and development initiatives offered by the company.

2 To offer the services of the expert faculty members for the purpose of Training and Consultancy to the company.

3 To offer the testing and other technical facilities available with the college if required by the company as per the norms of the institute.

The **MOU** does not bind or compel either party to provide for the above favors to the other party and rather aims to build and foster a spirit of industry institute collaboration for the mutual benefit while protecting the individual and mutual interests.

The **MOU** does not imply any kind of financial obligation on either side and neither party can claim for any financial charges except the honorarium against the services applicable and payable as per the policies of the paying party.

Confidentiality:

This agreement is valid for a period of 3 **years (24/04/2026)** from the date of disclosure, each party agrees to consider as confidential all information disclosed by the other party and will be extended thereafter on mutual consent of the **Department of Computer Technology, YCCE** and **iBase Electrosoft LLP., Amravati.**

Signed in duplicate:

This MOU is executed in duplicate with each copy being an official version of the Agreement and having equal legal validity.

By signing below, the parties, acting by their duly authorized officers, have caused this Memorandum of Understanding (MoU) to be executed, effective as of the day and year written below.

Summary:

The Department of Computer Technology organised a seminar on **"Intellectual Property Rights in the Digital World"** for students where the speaker, **Mr. Shrikant Ardhapurkar** introduced the students to the knowledge of Intellectual Property Rights. Sir shared information about Intellectual Rights, Security Features, which are going to make one aware of instruments to further illegal ends, which lead to violating policies and identity stealing. During the seminar, he also shared IPR, which includes Trade Marks, Patents, Registered Designs, and Copyright. He told students how important it is to have copyrights for your own created data on social media. Students received a conclusion to their overall defence against cyber threats. He made students aware of their legal rights. He also boosted the confidence of students by instigating them to take opportunities in cyber security and learn legal rights for the betterment of a fast-running technical world.

Industry Visit Report

Visit Details

COMPANY DETAILS	ICEICO Technologies Pvt. Ltd , Nagpur
LOCATION	Plot No. 91, Ganesh Nagar, Azamshah Layout, Nagpur, Maharashtra 440009
DATE	19-05-2023
NO OF STUDENTS	30
OBJECTIVES	• To provide industry exposure • To ensure smooth campus to corporate transition • To understand the operational environment • To explore and learn many more new and unknown aspects. • To fill in the gaps between industry standards and curriculum

Visit was organized by Mr. D. D. Gabhane, with the prior permission and guidance of Principal Dr. U. P. Waghe. It was supported by Respected HOD Dr. R. C. Dharmik and Training and Placement officer Mr. N. S. Wakhare. Total 30 students have visited ICEICO TECHNOLOGIES. The students were welcomed by Mr. Sagar Sittewar CEO, ICEICO TECHNOLOGIES PVT. LTD, Nagpur.

Points covered during the Industrial Visit:

i) Orientation session regarding placement activity.

ii) All important points regarding how to prepare for placement interview of any company.

Overall visit was good and students understood the details about their placement activities The students were very enchanted as Industrial Visit to ICEICO Technologies Pvt. Ltd, opened the doors for merging their IT skills with current requirements of information era. They also discussed how students can start developing small projects and turn it into gigantic software which will be a milestone for IT industry. They set up a huge horizon to develop project and research activities.

The students of Third Year, Information Technology and all the two staff members have enjoyed the technical Endeavour at the company a lot. The company persons also appreciated our students after the question answer sessions. Students were well mannered and disciplined throughout the tour and no injury or anything bad happened during the industrial tour.
