7.1.3 Describe the facilities in the institution for the management of the following types of degradable and non-degradable waste (within a maximum of 200 words):

- ✓ Solid waste management
- ✓ Liquid waste management
- ✓ Biomedical waste management
- ✓ E-waste management
- ✓ Hazardous chemicals and radioactive waste management
- ✓ Waste recycling system

Solid waste management - The Nagar Parishad of Hingna has taken responsibility of disposal of solid and liquid waste of the college on daily basis. The house keeping staff of external agency everyday collected the solid waste and the vehicle of Nagar Parishad collected the same for its disposal. Whereas the liquid waste generated in canteen is also collected and disposed off by Nagar Parishad. No Hazardous chemicals and radioactive waste or Biomedical waste is generated or available in the campus for its dispose off.

STP - To minimize the wastage of water and environment protection by saving water, around 1.10 Lakh liter sewage treatment plant is installed in YCCE. The processed water is utilized for urinals flush, washrooms and gardening etc. This plant is established near Vivekanand Boys Hostel in the YCCE campus. AMCs are executed to maintain the functioning of the plant.
