7.1.5 Green campus initiatives include

7.1.5.1. The institutional initiatives for greening the campus are as follows:

1. Restricted entry of automobiles
2. Use of bicycles/ Battery-powered vehicles
3. Pedestrian-friendly pathways
4. Ban on use of plastic.
5. Landscaping

TREE PLANTATION IN THE CAMPUS

To make the environment green and promote the awareness of environment Yeshwantrao Chavan College of Engineering organize Tree Plantation drive wherein all staff members and students enthusiastically participates. They not only participate in the tree plantation drives but ensures that it remain alive. This makes not only our campus but our surrounding lush green.

AMC has also been granted every year to maintain Garden and landscaping of Wanadongri campus are.

AVOID USE OF PLASTIC

Separate circular is drawn for staff & students to avoid use of plastic bags, polythene bags since it is harmful for human kind and environment. Separate banners are displayed in the campus in this regard to discourage Staff & Students from using plastic bags.

RESTRICTED ENTRY OF VEHICLES

Separate Notice is drawn for students to park their vehicles at the entrance gate parking zone so that no students vehicle create pollution in the campus area where greenery is maintained.

NOTICE

AVOID USE OF PLASTIC BAGS

This is to inform all the students and staff members of YCCE that single-use plastic bags and polythene bags are to be avoided in our daily use. Polythene bags with thickness less than 50 microns are banned in various countries since it is harmful to our environment and our animals. Few of the reasons, why we all should avoid use plastics, are as under -

- Plastic bags are not easy to recycle
- Plastic bags are expensive and hard to remove from environment
- Plastic bags are harmful to human health
- Plastic bags are harmful to wildlife and marine life
- Plastic bags are toxic
- Plastic bags do not degrade
- A lot of energy is used in producing these bags
- Those bags are made from non renewable sources and on this account, highly contribute to climate change
- Plastic bags pollute not only our water but also our land

It is therefore appealed to all stakeholders, students and staff members of YCCE to make a resolution to avoid using plastic bags and polythene bags. Instead we will carry our own bags which are acceptable, environment friendly like cloth, weave, knit, handicraft etc. Say 'NO' to Plastic Bags from today.

NOTICE

PROTECT LANDSCAPING

As you all must have observed that the college has developed certain pockets under Landscaping / horticulture through artistic designing by experts. Those areas are developed to maintain greenery in the campus as also environment protection. Those will be maintained through our Garden Contractors.

In view of above all staff members and students are requested to maintain the beauty of the campus by providing protection to those Landscaping pockets by way of discipline viz avoiding spitting, throwing trash papers, walking on those areas etc.
