Summary Report

Date: 1st-2nd October 2021.

Chief Guest: Mr. Tushar Kawale.

Organized by: Department of Information Technology.

Summary -

Department of Information Technology, YCCE Nagpur had organized Two days National level Technical Fest "iTECHROOTS 11.0" during 1st - 2nd october 2021, under the banner of SPIRIT - Computer Society of India (CSI), New Delhi.

The convener of the Technical Fest was Dr. Rajesh Dharmik , Head of Information Technology Department. The Chief Guest of the program was Mr. Tushar Kawale. The Technical Fest was coordinated by Prof. Amol Gaikwad and co-coordinated by Prof. Abhay Yeole.

Various events conducted in "iTECHROOTS 11.0", were "Hackathon", "Photoarena", "Fastest fingers first", "Jobprep", "PlacePrep", "Atrangi", "Web designing jam", "League of gamers" and "Workshop on Java , Pyhton ,Automation Testing ,and Certification Course on "Cloud computing and Salesforce". Around 1000 students from various technical & non-technical institutions participated in this Technical Fest. The program was aimed to provide a platform for the students to exhibit their talent in various technical and nontechnical events. The program concluded with awarding prizes, mementos and certificates to the winners and participants of various events.

Topic: Domain specific knowledge

Speaker: Domain Specific Faculties from Computer Technology Department (Total-09)

Organized by: Mr. Ganesh K. Yenurkar, (Assistant Professor, Dept of C.T.)

Organizing body: CTSC/ ACM

Dates: - From 08/06/2020 To 13/06/2020

Delivery Medium: - Through Zoom Classes

Summary of Session:

The Session was provided by domain expert faculties from Computer Technology Department to 7th semester students of Computer Technology. Total 09-subjects were identified for 24-hours throughout the session. Around **100 students** were benefitted by this session. Faculties from different domain areas were conducted their sessions as per allotted time-table on AMCAT syllabus, which was helpful for their technical interviews in various campus placements. The session made interactive to students for giving answers to the asked questions. The lecture was ended with votes of thanks. The details about the faculties, number of hours for which the subject was taught, total duration etc. is shown in the following table.

Faculty Name	Subject	No. of Lectures
Prof. R. S. Khedgaonker	C	2
Prof. N. Mangrulkar	C++	1/5
Prof. P. Deshkar	JAVA	1/5
Prof. R. D. Wajgi	Data Structure	2
Prof. S. J. Karale	Algorithms	1
Prof. N. Jichkar	OS and Shell Scriptng	1
Prof. S. S. Thombre	DBMS	1
Prof. G. M. Dhopavkar	Python Programming	1
Prof. S. R. Kapse	Networking	1
Total		12 Lectures (24 Hours)

Event Name: **16 Hrs. Student Development Program on React JS & Node JS**

Organizing Body: Computer Technology Department.

Coordinator: Dr. G. M. Dhopavkar, Prof. Nikhil S. Mangrulkar, Prof. P. V. Barekar

Category: Technical

Topic Covered: **React JS & Node JS**

Session: 2020-2021 Date: 22-30 November 2020 Time: 3:30 p.m. to 5:30 p.m.

Type of Participants: Students of the Computer Technology Department

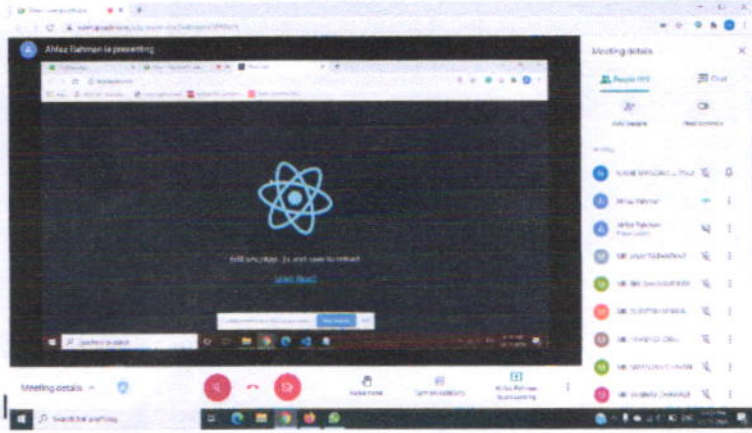

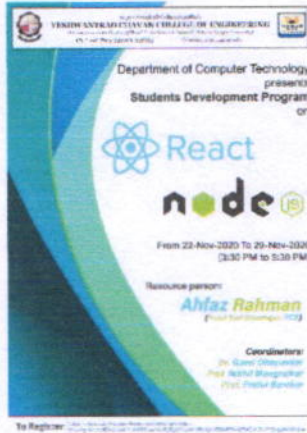

Number of Registered Participants: 95

Resource Person and Affiliation: **Mr. Ahafaz Rahaman**, Front End Developer, TCS, Nagpur.

Details of Training Program:

Department of Computer technology, YCCE, Nagpur organized 16 Hrs. Student Development Program on React JS & Node JS from 22nd to 30th November 2020 in online mode. Mr. Ahafaz Rahaman, who is Front End developer at Tata Consultancy Services, Nagpur.

Total 95 students of 3rd, 5th and 7th Semester of the college participated in this program which was coordinated by Dr. G. M. Dhopavkar, Prof. Nikhil S. Mangrulkar & Prof. P. V. Barekar. The overall feedback submitted by participants regarding SDP was satisfactory.

Date: 26th, 27th, and 28th November 2020.

Number of Participants: 53

Year/Sem: 3rd, 5th and 7th Semester

Resource person and Affiliations: Mr. Arpit Yadav, IIoT Labz

Summary:

The Department of Computer Technology organized a Webinar series on

1. Transition to Data Science and its opportunities in the industries.
2. Transition to Machine Learning and its opportunities in the Industries
3. Transition to Deep Learning and Artificial intelligence and its opportunities in the industries.

The workshop was coordinated by Prof. Supriya Thombre & Prof. Nikhil Mangrulkar. The workshop was conducted for the students of third and fourth year. The speaker has given information about the recent trends and some extra knowledge about the above topics. The resource person gave us a brief idea of what is Data Science? , Time spent in Data Scientist Life. Types of Artificial Intelligence, Application of Machine learning, Types of Machine learning. The session was appreciable and Knowledgeable to students.

Day 1

Day 2

- Visualforce is a markup language that allows defining user interface components in Salesforce.
- By using page layouts, we can easily configure the User interface. But by using visualforce pages, you can develop your own customized user interface.
- Visual Force is a framework that allows developers to build sophisticated, custom user interfaces that can be hosted natively on the Force.com platform.
- The Visual Force framework includes a tag-based markup language, similar to HTML.
- The behavior of Visual Force components can either be controlled by the same logic that is used in standard Salesforce pages, or developers can associate their own logic with a controller class written in Apex.

Report

Event Name: Two days Student Development Program on "Essentials of Java"

Organizing Body: CTSC/ACM

Coordinator: Dr. Prarthana A. Deshkar

Category: Technical

Topic Covered: Introduction to Java, Features of Java, Program execution essentials, Java variables, Java data types, Java operators and keywords, Control Structures, Java class and object, Java Array, Session on scope of Java in IT Industry (Expert from Industry).

Session: 2020-2021

Date: 7th & 8th August 2020

Time: 10am to 2pm

Type of Participants: Students of 3rd Semester.

Number of Participants: 100

Resource Person and Affiliation: Dr. Prarthana Deshkar, Assistant professor, CTdepartment, YCCE, Mr. Gandhar Patwardhan,

Day 1:

First day of workshop is dedicated to the fundamental concepts of the programming language Java. Prarthana Deshkar covered the topics Introduction to Java, Features of Java, Program execution essentials, Java variables, Java data types, Java operators and keywords, Control Structures.

Day 2:

Prarthana Deshkar started the session. Java class and object, Java array, these topics were covered in second day. Mr. Gandhar Ptwardhan conducted the post lunch session. He guided the students on importance of learning java to become industry ready. He also covered some advance concepts related to java class. He also focuses on the topic constructors and different types of constructors.

Event Name: Two days Student Development Program on "An Introduction to Mobile App Development"

Organizing Body: Computer Technology Department **Coordinator:** Er. S.

S. Thombre, Er. S. R. Kapse **Category:** Technical

Topic Covered: Introduction to Android OS, Introduction to Android Studio, Activity, Activity Life Cycle, Intent, Shared Preferences, Steps for Deploying an Android Application on Play Store.

Session: 2020-2021

Date: 12th & 13th September 2020

Time: 10am to 3pm

Type of Participants: Students of 3rd Semester.

Number of Participants: 100

Resource Person and Affiliation: Mr. Chaitanya Deshpande, Assistant System Engineer, TCS Nagpur & Ms. Manasa V. K, System Administrator, TCS, Bangalore

Day 1:

Ms. Manasa V. K has given an introduction about TCS and how to get an opportunity for working with TCS. She has introduced about various coding competitions conducted by TCS and its benefits. She has also encourage students to focus on coding part. Mr. Chaitanya Deshpande has given the introduction about the Android Operating System as well as an IOS Operating system. He has also explained about the android architecture. He has also given the brief introduction about the android students and make students to be aware about this open source platform. He has also covered the topics like activity and its life cycle. He has given hands on the same topics with some sample programming and ask students to do the same on their laptops.

Day 2:

Mr. Chaitanya Deshpande has given the complete hands-on sessions on Intent, Shared Preferences and developed one small application using the same. He has also given the brief idea about the steps involved for deploying an android application on play store. He has also given a demo on steps for deploying and explained about all the detailed analysis available on the website.

Event Name: Two days Student Development Program on "Object Oriented Programming using Java"
Organizing Body: CTSC/ACM

Coordinator: Dr. Gauri Dhopavkar, Dr. Prarthana A. Deshkar **Category:** Technical

Topic Covered: Introduction to Java, Features of Java, Program execution essentials, Java variables, Java data types, Java operators and keywords, Control Structures, Java class and object, implementation of object-oriented concepts using Java

Session: 2020-2021

Date: 19th & 20th September 2020

Time: 11am to 2pm

Type of Participants: Students of 3rd Semester.

Number of Participants: 80

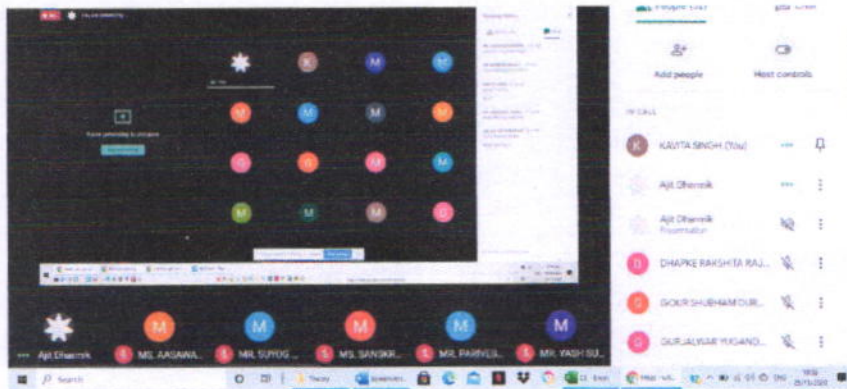

Resource Person and Affiliation: Mr. Suraj Nair, Project Engineering, Persistent Systems, Nagpur, Mr. Saurabh Charade, Project Engineering, Persistent Systems, Nagpur, Ms. Purva Nattoo, Project Engineering, Persistent Systems, Nagpur, Mr. Yash Waghmare, Associate full-stack developer, Contentserv Technologies Pvt. Ltd. Pune, Aditi Kale, System Engineer, Tata Consultancy Services, Nagpur

Day 1:

First day of workshop is dedicated to the fundamental concepts of the programming language Java. On day 1, Ms. Aditi Kale explained the history of Java. She also discussed the features of Java and the theoretical concepts of object-oriented paradigm. After the introductory session by Aditi, Mr. Suraj Nair covered the java programming language concepts, including variables, data types, control structures. He explained all these concepts with the help of programming examples. Mr. Yash Waghmare then covered the class and object concept in java. At the end of the session HoD madam interacted with the resource persons and motivate the participants to take full advantage of this activity.

Day 2:

Ms. Purva Nattoo started the session on second day. She covers the implementation of object-oriented concepts like encapsulation and inheritance. She covers all these topics with the help of various programming examples. She also encouraged the students to solve some small exercises based on these topics. Second half of the session is delivered by Mr. Saurabh Charade. He covers the implementation of the topics like abstraction and polymorphism.

Report on Domain Specific Knowledge (DSK) Classes 2021-22

Topic: Domain specific knowledge

Speaker: Domain Specific Faculties from Computer Technology Department and Alumni (Total-14)

Coordinated by: Mr. Ganesh K. Yenukar, (Assistant Professor, and Dept of C.T.)

Organized by : CTSC/ACM

Dates: - From 19/07/2021 To 23/07/2021

Delivery Medium: - Through Google Meet and MS Team

Summary of Session:

The Session was provided by domain expert faculties from Computer Technology Department to 7th semester students of Computer Technology. Total 10 -subjects were identified for 16-hours throughout the session. Around **114 students** were benefitted by this session. Faculties and alumni from different domain were conducted their sessions as per allotted time-table on AMCAT syllabus, which was helpful to boost their technical interviews in various campus placements. The session was made interactive by giving hands-on training and solving assignment given by respective speaker to students. The lecture was ended with votes of thanks. The details about the faculties, alumni, number of hours for which the subject was taught, total duration etc. is shown in the following table.

Faculty Name	Subject	No. of Lectures
RSK + Industry Expert	JavaScript	02
NM+ Industry Expert	C++	02
PD +Industry Expert	JAVA	02
RDW	Data Structure	01
Industry Expert	Algorithms	02

Name of Certificate Program : Technology Awareness for Resume Building

Duration of Program : 15 Hrs Dates: 7, 14 and 21st August 2021

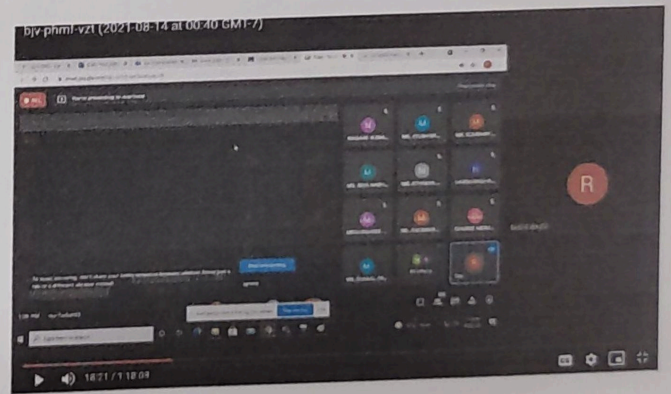

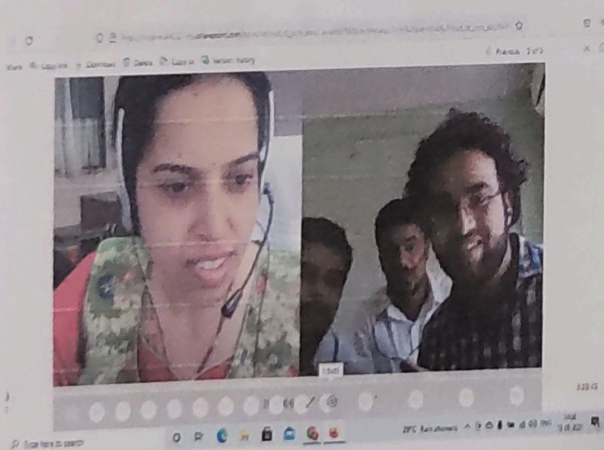

Co-ordinator : Dr. Rakhi Wajgi Total Participants : 145

Experts :

1. **Dr. Rakhi Wajgi, HoD CT**
2. **Mr. Akash Wankhede, IT Analyst, TCS Nagpur**
3. **Mr. Rajorshi Gon, Senior Software Engineer, Persistent Systems Nagpur**
4. **Mr. Vaibhav Lambat, Associate Consultant- Business Intelligence, Celebal Technologies Jaipur**

Details:

15 hrs Certificate program was conducted by Dr. Rakhi Wajgi and Nikhil Mangrulkar on Technology Awareness for Resume Building under Coding Club YCCE. This certificate program was conducted for all students of 5th semester. On 7th and 14th concepts of DSA are revised and programs asked in different IT companies were discussed and implemented by Rakhi Wajgi. On 21st August 2021, our industry Alumni Mr. Akash, Rajorshi and Vaibhav conducted session on resume building. Rajorshi talked on how to create effective resume, Akash talked on latest technology Salesforce and how to use it for strengthening resume whereas Vaibhav discussed about latest technology of Power Bi for those who are not comfortable with communication and coding skills.

Year/SEM: Students of All Semesters.

Resource person and Affiliations: Vinaya Wahekar and Anushree Ninave

Summary:

The Department of Computer Technology organized Compufest 2k21-22 on 30th sept., 2021 to 1st oct,2022. The event named "Writerque" was basically an article writing competition where students can write on any topic they desire including both technical and non-technical things. The event was organized by Ms. Grace Lal and Ms. Vedanti Awaghade. The coordinators of the event were Vinaya Wahekar and Anushree Ninave. The contest was conducted for the students of all semesters to help them showcase their writing skills and enhance it.

There were in all 36 entries and out of which 5 best articles were selected. The winners were namely Vaishnavi Belurkar, Apurva Padade, Ayush lokhande, Prajwal Wandhare, Anushree Bhure.

Department of Computer Technology

Report

Two-Days (23rd Oct. – 24th Oct. 2020) Student Development Programme on “Advanced Data Structures & Its Applications”.

The department of Computer Technology YCCE, had organized a Two-Days (23rd Oct. – 24th Oct. 2020) Student Development Programme on “**Advanced Data Structures & Its Applications**”.

SDP organized for Second year Students. The sessions were conducted by following experts.

EXPERTS	Topics	Day	Date	Time
Dr. Rakhi Wajgi, YCCE Nagpur	Merge sort	Day1	23-10-2020	12:00pm to 1:30pm
Er. Mayuri Joshi, Valuemomentum Pvt. Ltd.	Quicksort	Day1	23-10-2020	02:00pm to 3:30pm
Prof. Pallavi Joshi, PICT Pune	Linked- List	Day2	24-10-2020	11am-12:30pm
Prof. Punesh Tembhare PCE, Nagpur	Queues	Day2	24-10-2020	1pm- 2:30pm

In this workshop students acknowledged a in depth knowledge of Advanced Data Structure like Linked list & Queues; A data structure is a specialized format for organizing and storing data. General data structure types include the array, the file, the record, the table, the tree, and so on. Any data structure is designed to organize data to suit a specific purpose so that it can be accessed and worked with in appropriate ways. In computer programming, a data structure may be selected or designed to store data for the purpose of working on it with various algorithms.

Department of Computer Technology

Around 70 students were registered for this SDP.

In this SDP. the students were introduced to topics in Advanced Data Structures. Students got an idea on how to deal with some very common problems faced by them in this subject. All the students really appreciated the contents that were discussed, they realized that interactions like these can help them improve their learning. Students showed keen interest in attending more workshops like this in future.

Report

Name of Program : AI on Rise!
Category : Informative Webinar
Duration of Program : 2 Hrs
Date: 8th August 2021
Host: Sakshi Kokardekar
Faculty Coordinator: Prof. Praful Barekar
Total Participants : 63
Experts :

1. **MLSA Sakshi Kokardekar, India.**
2. **MLSA Yuganshika Narang, India.**
3. **MLSA Makini Brian, Kenya.**
4. **MLSA Anika Tasnim, Bangladesh.**

Summary:

An International Event – “AI on Rise!” of 2 hrs was conducted by Sakshi Kokardekar, a 3rd year student of Computer Technology Department of YCCE on AI/ML, Cloud Computing, Microsoft Core Services; it's Free and Student Accounts, under Microsoft Learn Student Ambassador Program. This was an Internationally Open Event, in which the students as well as faculties of YCCE college also participated. During the session, Fundamentals of AI/ML were discussed by MLSA Sakshi Kokardekar. She also demonstrated a live demo of how to Build and Train an Actual Machine Learning Model using a Software-**Microsoft Lobe**. Later, MLSA Yuganshika Narang gave insights about Cloud Computing, which was further taken into deep by MLSA Makini Brian. Furthermore, MLSA Anika Tasnim explained about Microsoft Core Azure Services, Free Accounts and Student Accounts.

Induction Program Report Session 2021-22

Program: -Induction Program

Date: 18/09/2021

Venue: Google Classroom

Time: 10.15am to 11:45 pm

Participants: Students of III Semester CT Dept, Dean Academics and CT Dept Faculties (Total:102)

Presentation by HoD Dr. R.D. Wajgi

In her presentation HoD briefed about the department's establishment, various programs run by the department, intake of the department etc. She explains the students about Vision and Mission of the department.

In her discussion she told the students about various thrust area of the department, various best practices conducted in the department like NPTEL, coding club, speakers club etc.

She also briefed about top CT department recruiters, placement 20-21, placement 21-22 scenario, maximum and minimum package and MoUs of the department with National/ International Recognized Bodies, etc.

In her presentation she also discussed major and minor schemes of the department. She told them the criteria to register for this courses and importance of these courses.

Discussion of Various Portfolio Incharges

Er. Smita Kapse, Academic Coordinator had given the details regarding departmental faculties, their portfolios.

Er. Roshani Khedgaonkar discussed academic regulations like Direction for Redistribution of marks, MSE Exam, etc.

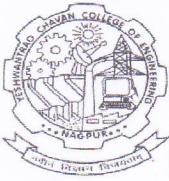

Er. Nikhil Mangrukar, Coding club Incharge , given the details regarding coding club of the department, he told about how to register, various activities conducted in session 20-21.

Er. Supriya Thombre, student Activity Incharge briefed about student chapters of the department CTSC and ACM. She told about various workshops and events conducted under this chapters. She also briefed about the importance of these activities in their final year extra curricular marks(100Marks).

Er. Smita Kapse, Academic Coordinator discusses about detention criteria of the college.

Query solving session

Following queries of students were solved by HoD Dr. Gauri Dhopavkar and faculty members

Snapshots:

Program Educational Objectives (PEOs)

- 1. Preparation:** To prepare students to succeed in employment/profession and/or to pursue post graduate and research education in Computer Technology disciplines in particular and allied engineering disciplines in general.
- 2. Core Competence:** To provide students with a solid foundation in mathematical, scientific and engineering fundamentals required to formulate, analyze and solve engineering problems requiring knowledge of Computer Technology.
- 3. Breadth:** To prepare students with engineering breadth to innovate, design, develop software products and to contribute in providing solutions related to multidisciplinary real life problems.
- 4. Professionalism:** To inculcate in students professional and ethical attitude, effective communication skills and teamwork to become a successful professional.
- 5. Learning Environment:** To provide students with an academic environment that makes them aware of excellence and life-long learning in emerging technologies.

ELECTRICA 20.0

On August 24th and 25th, the most awaited Tech Fest **Electrrica 20.0** was organised by the students of **ELECTRICAL DEPARTMENT of YCCE** under the banner of SOFEE (Society Of Future Electrical Engineers) in association with IE(I), Institute of Engineers, Student Chapter, Nagpur, Local Center.

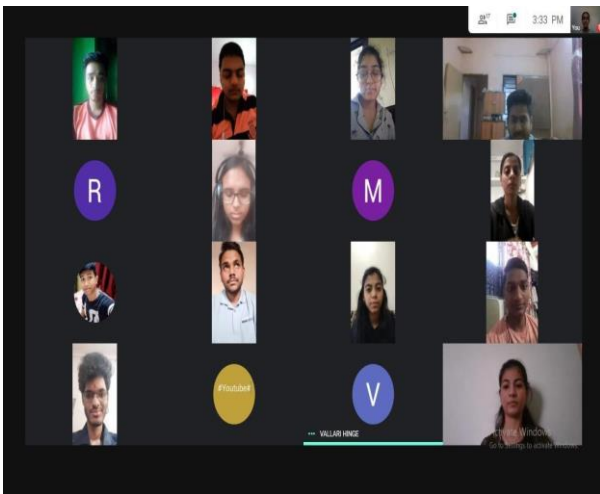

The mega event was held online this year. The event was an ultimate Victory because of the man behind the event, the STUDENT ACTIVITY INCHARGE Prof. V R Doifode Sir. He motivated the students to organize the event and appreciated the good work done by each and every single person involved.

The event was a victory because of consistent efforts and team spirit of the working committee. The winners of the events conducted on both the days were:

Date	Event	Winners	College
24-11-20	Screamless- The Debate Challenge	Sarvesh Shingane	Y.C.C.E
		Garima Parashar	V.I.T Pune
25-11-20	Quiz It	Anushri Bhure	Y.C.C.E
		Ashish Wanode	Y.C.C.E
25-11-20	Smart People Smart Suggestions	Mrunali Dukare	Y.C.C.E
		Sanket Bijawe	V.I.T Pune
25-11-20	Spill The Ink	Kinshuk Karmarkar	Y.C.C.E
		Kavita Sharma	Y.C.C.E
25-11-20	Techtrix	Shrutika Hazare	G.E.C Amravati
		Vaibhavi Barapatre	Y.C.C.E
25-11-20	Postechie	Prithviraj Singh	Government College of Art & Design
		Shruti Rajgure	V.N.I.T Nagpur
25-11-20	Circuit it Work it	Vaibhav Jirafe	Y.C.C.E
		Simran Ganvir	Y.C.C.E

Despite of the event being conducted online, active participation with entries of around 800 + was seen .

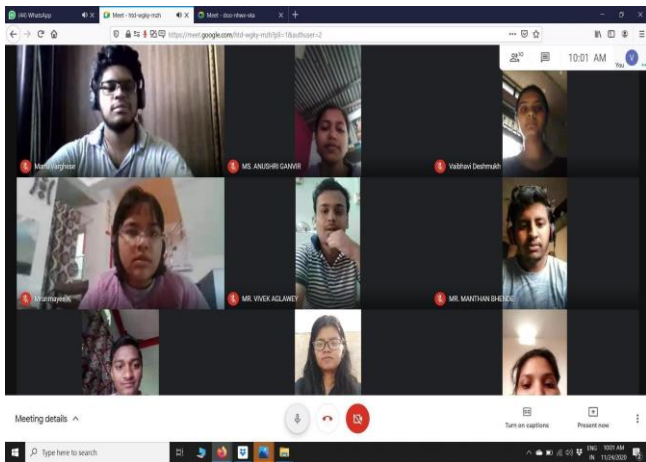

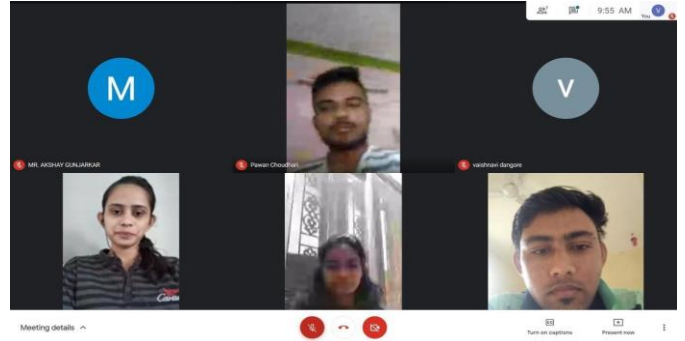

The event was not only a successful one but a memorable one.

“Mech-Kshetra” in YCCE

Inspite of the Pandemic situation & the uncertainty following it, Mechanical Engineering Students Association (MESA), YCCE, Nagpur has organized digital Tech Fest “Mech-Kshetra-2020. Total 2418 students all over the India participated in this Virtual tech fest organized between 09th October 2020 to 11th October 20.

Mech-kshetra-2020 consists of various events like Minute to win it, Artmanix, Cad Wars, Kurukshetra, 20Style Icon, Brainista, Yoga/Fitness and Innovica. Each participant received digital certificate. Winner of the event bagged some cash prizes.

MESA committee office bearer Mr. Rohit S. Khonde, Mr. Aishwarya Wanjari, Mr. Niraj Kshirsagar, Miss. Shivani Dudhe, Mr. Abhishek Deo, Mr. Swaraj Yelne, Miss. Sakshi Gotmare, Mr. Shrinath Ghuge, Mr. Sagar Thakre, Mr. Karan Akhre I, Miss. Nidhika Bagde and other 50 students work hard under the guidance of Dr. S. S. Chaudhari, Head Mechanical Engineering and Prof. Ajinkya P. Edlabadkar for the success of Mech-kshetra2020.

Prof. A. P. Edlabadkar
