B) Discussion on Scope for Improving Industry Institute Interaction through-

- a) Joint Research Funding Project Proposals/Patents with the Industry
- c) Consultancy from Industry
- d) Feedback on Curriculum by Employers
- e) Collaborative Certificate Course
- f) Improving Core Branch Placement
- g) Development of Industry Supported Labs.
- h) Sharing of YCCE & Industry Infrastructure
- i) Solving research-based industry problems

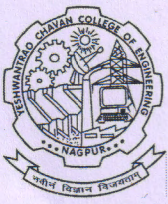

While reviewing the above IQAC Member, Shri Deepak Deshmukh suggested to market the good patents granted to the faculty members and try for joint research funding proposals. It was informed to the members that Government agencies are not giving consultancy work to the private institution. Earlier Civil Engineering department was providing consultancy for local municipal bodies. IQAC Members suggested to acquire NABL Accreditation Certification for some labs. for the consultancy purposes.

It was informed to the IQAC members about the problems faced by the institution in respect of employer's feedback. The companies are not responding to feedback about review & design of syllabus and their employees. IQAC Member Shri Deepak Deshmukh suggested that management efforts are required in this regard and told that one to one communication to be done is the best solution. IQAC Member, Er. Sandeep Aparajit suggested to take help of third-party probably private agency for this work.

The IQAC Member Er. Sandeep Aparajit suggested some certificate courses to be introduced addressing the needs of the industries. He also suggested to identify the technical problems faced by the industry and plan a special training in the domain required to the industries. The institute can take help of HR department of the industry for this.

The Chairman IQAC, sought suggestions from the IQAC Members about improvement in placement of core branches students like Civil, Mechanical & Electrical Engineering etc. The IQAC Member, Shri Deepak Deshmukh suggested that the students of these branches should be convinced to work hard even on less salary without comparing to the IT industries salaries. They should develop their skills for at least 3-4 years and then see the results, they will be in demand.

The IQAC Member, Shri Sandeep Aparajit suggested that civil engineering students should focus on Survey Works, STP, develop the skill in centering works. The civil engineering industries/firms are facing a shortage of these skilled professionals. IQAC Member, Dr. Manish Ingle suggested for subject domain wise special training should be offered to the students of these branches.
