SGPA= (% marks scored at the semester+7.5) /10 for percentage of marks scored by student upto and equal to 85% OR
SGPA= 9.25 for percentage of marks scored above 85%.

If a student has passed a semester in RTM Nagpur University or equivalent program, he shall be presumed to have earned all credits prescribed for equivalent semesters in autonomy.

- 16.16 A student who becomes ineligible for admission to the higher year/semester due to non-accumulation of required credits at the immediately lower semester/year and has thus been forced to discontinue for a year, then he may seek readmission to the said semester/year of the program. In such case of readmission, the courses passed by a student, credits, related grade and grade points obtained by the student from the courses in that semester shall be null and void. A student shall have to earn the credits from all the courses in the said semester/year afresh as per the existing scheme of examination and related syllabi content.

17.0 Course Completion:

A student will have to complete all the requirements for the courses at which he is registered. The HoD will report the names of students who failed to complete the stipulated requirements in course(s), if any, to CoE at least 07 days ahead of commencement of ESE. Such student will not be permitted to take the ESE for the courses where he has not completed the course requirements. He shall, however, be eligible to take the ESE in other courses where he has completed the course requirements satisfactorily.

18.0 Evaluation

The AC will decide from time to time on the system of examinations in each course in each semester. The current practice of Assessment is as follows:

- 18.1. A student is evaluated for theory courses through Teachers Assessment (TA), two mid semester examinations (MSE) and one End Semester Examination (ESE)
- 18.2. The relative weightage is 30% for TA, 30% for MSE, and 40% for ESE. The teacher shall announce the method of TA at the beginning of the semester. All MSE and ESE are compulsory for all students. The marking will be on absolute basis. The total marks are calculated in each course as per the weightage indicated above. No credits are awarded if the student remains absent in the ESE.
- 18.3. The laboratory courses will have Continuous Assessment (CA) which will be based on punctuality, turn to turn assessment of student's work,

Academic Regulations 2020-21

quality of records maintained, group discussions, overall understanding of the experiment and viva-voce examination (as per requirement of structure of course). The CA for laboratory courses shall be 60% and ESE may be on an experiment or viva or written test or a combination of these, and shall carry a weightage of 40%. Practical courses with 100% continuous evaluation will not have ESE. The student shall either successful complete the course or shall get I grade if the course work is not satisfactory.

- 18.4. The instructor shall announce the mode of evaluation and distribution of marks for CA at the beginning of the laboratory course. It is obligatory for students to maintain and submit laboratory journal, drawing sheets, prescribed documentation for the laboratory course, jobs in Workshop and reports, wherever necessary.
- 18.5. The MSE and ESE shall be conducted centrally as per the schedule announced in the academic calendar.
- 18.6. The ESE shall be conducted for the duration as given in SoE and will be held as per the schedule declared in the Academic calendar for that semester. The detailed time-table for this will be declared at least one week before the commencement of ESE by the CoE.
- 18.7. The question paper formats will be displayed on notice boards/ Institution website for information of the students.
- 18.8. All examinations and other modes of evaluations, under TA, announced by the teachers with the approval of HoD/ Chairman of BoS are compulsory.
- 18.9. Assessment of Seminars, Mini-projects, Major Projects, Dissertation etc: Every student has to undertake Seminars/Projects of professional nature and interest. It will be evaluated on the basis of the quality of work carried out, the report submitted and presentation(s) during the Seminar. A panel of examiners shall evaluate the dissertation report and an oral examination shall be conducted in ESE. The assessment of the dissertation work shall be done on preliminary presentation; initiative, interest, effort and regularity shown and oral examination.
- 18.10. The assessment of the project will be as per the details given in the Scheme of Examination. The TA for the project Phases 1 and 2 will be based on the seminars, reports, technical achievements, analytical skills exhibited in solution to the problem and dissertation.
- 18.11. Project evaluation of PG:
Evaluation of dissertation will be taken up only after the student completes all the core as well as elective course requirements satisfactorily.
 - a. The dissertation work shall be evaluated by midterm seminar(s), quality of work carried out, dissertation report submission and the viva-voce examinations.
 - b. A panel of examiners shall evaluate the dissertation report and an oral examination shall be conducted in ESE. The assessment of the dissertation work shall be done on preliminary presentation; initiative, interest, effort and regularity shown and oral

Academic Regulations 2020-21

examination.

- c. The examination of the Project/ Dissertation will be conducted by a panel of examiners consisting of the department committee and at least one external expert, preferably from an Industry.

18.12 Rescheduling of MSE-I and MSE-II

If a student misses to take the Mid Semester Examination, he can apply for RE-MSE as per the time table framed as per the time slot provided in Academic Calendar. The students is permitted to take RE-MSE only for the subject in which he/she was absent.

HoD will be the authority to grant permission, draw out Time table and run the tests. The case papers will have to be sent to DAM office for record.

18.13 Examination form submission

The students shall submit an examination form in order to be eligible for evaluation.

18.13.1 All the regular student shall submit an examination form for all the courses for which he has registered for the semester by date mentioned in the notice of examination published by the institution.

18.13.2 If a student has re-registered for one or more courses in the semester, he shall submit an examination form for all the courses for which he has re-registered in the semester.

18.13.3 An ex-student shall submit the form for the courses in which he has failed in earlier examinations and intends to take the ensuing examination.

18.13.4 A student shall pay the examination fee as decided by the competent authority.

18.14 Forego of Continuous Assessment marks:

18.14.1 The in-sem evaluation of the theory or lab course shall be carried for his first attempt as a regular student and if the student fails then in the subsequent re-sit examination of the same term. If the student does not pass the course and attempts the examination in such course again in any subsequent examination, then he/she shall exercise an option to forego the marks of in-sem examination, if he/she wishes so, while applying for the examination.

18.14.2 If the marks of in-sem are foregone by the student, then his/her marks secured out of 40 in ESE shall be proportionately extrapolated to 100.

18.14.3 The decision to forego of continuous Assessment marks will be irrevocable.

18.14.4 The facility to forego of continuous assessment will not be applicable to Project in final Year of UG and PG programs.

19.0 The Grading System

19.1 The evaluation of students will be done on the basis of grades as detailed below

19.1.1 For every course, the students will be evaluated on the basis of the grading system. Table 2 shows the various grades that can be awarded to students.

19.1.2 For every course taken by a student, he will be assigned a grade based on his combined performance in all the assessments. The grade indicates a qualitative assessment of the student's performance and is associated with equivalent number called a grade point.

19.1.3 The academic performance of a student shall be graded on a ten-point scale. The grades and their equivalent grade points are listed in Table 3.

19.1.4 The Grades (up to D only) awarded to a student in all the courses shall be converted into a semester performance index and cumulative performance index called the Semester Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA) respectively.

19.1.5 A student who has secured marks out of 100 and they are more than the minimum cut off as defined by Table No 2 (Statistical Method) or 4 (Absolute method) of AR, will be awarded suitable pass grade in that course only if he has scored at least 20% marks at ESE in that course. This provision will be applicable to students of UG and PG programs who are studying under new "Autonomous 2014" scheme, "Autonomous 2018" scheme and , "Autonomous 2021" scheme.

19.2 Statistical Method for the Award of Grades

19.2.1 Award of Grades in a course

For the award of grades in a course, all component-wise evaluation shall be done in marks.

The marks of different components viz. Teachers Assessment (TA), Mid-Semester Examinations (MSE), End-Semester-Examination (ESE), would be reduced to relative weightages of each component as given in Scheme of Examination. Marks so obtained would be converted to grades at the end of semester, as per the guidelines given below:

For 30 or more number of students in a course, the statistical method shall be used with marginal adjustment for natural cut-off. The mean (\bar{X}) and the standard deviation (σ) of marks obtained of

Academic Regulations 2020-21

all the students in a course shall be calculated and the grades shall be awarded to a student depending upon the marks and the mean and the standard deviation as per Table 2 given below.

Whenever a course examination has less than 30 students, grades will be based on absolute marks and conversion will be done as per Table No. 4

If there are regular as well as ex-students at the examination, the grade cut off will be calculated on the basis of marks scored by regular students and will be applicable to all students.

Table 2 : Awards of Grade Using Statistical Method

Table showing method for conversion of marks into Grades			
RANGE OF MARKS			GRADE
$\geq X + 1.5 \sigma$			A+
$\geq X + 1.0 \sigma$	To	$< X + 1.5 \sigma$	A
$\geq X + 0.5 \sigma$	To	$< X + 1.0 \sigma$	B+
$\geq X$	To	$< X + 0.5 \sigma$	B
$\geq X - 0.5 \sigma$	To	$< X$	C+
$\geq X - 1.0 \sigma$	To	$< X - 0.5 \sigma$	C
$\geq X - 1.5 \sigma$	To	$< X - 1.0 \sigma$	D
$< X - 1.5 \sigma$			F
Where X is arithmetic mean and σ is Standard deviation			

19.2.2 The award of grades will be subjected to the following process:

A) THEORY COURSES

If $(X - 1.5 \sigma) > 40$ then grade calculation for C+ ,C, D & F shall be as given below , while that for A+,A,B+ & B shall be same as per Table 2 of the Academic Regulations

$$C+ = > X - (X - 40)/3,$$

$$C \geq X - (X - 40) \times 2/3,$$

Academic Regulations 2020-21

$$D \geq X - (X - 40) \times \frac{3}{3},$$

$$F \leq X - (X - 40) \times \frac{3}{3}$$

B) THEORY COURSES

If $(X - 1.5 \sigma) < 40$ for all those theory courses with passing marks of 40 then lower limit for award of D grade shall be reduced up to 35 marks step by step, so that failure % as calculated by formula,

$$\left(\frac{\text{Number of students having F Grades}}{\text{Total Students - Detained Students}} \right) \times 100$$

Should not exceed 15%.

C) PRACTICAL COURSES:

If $(X - 1.5 \sigma) < 50$ then Cutoff for passing shall be 50.

But if $(X - 1.5 \sigma) > 50$ then grades calculation for C+, C, D & F shall be as given below, while that for A+, A, B+ & B shall be same as per Table 2 of the Academic Regulations

$$C+ = > X - (X - 50)/3,$$

$$C \geq X - (X - 50) \times \frac{2}{3},$$

$$D \geq X - (X - 50) \times \frac{3}{3},$$

$$F < X - (X - 50) \times \frac{3}{3}$$

19.2.3 The grades awarded to the students will be converted into the equivalent grade points according to the Table no. 3

- 19.2.5 Provided further, the calculation of arithmetic mean (X), Standard Deviation (σ), upper and lower cut offs of the various grades will be computed by using the marks scored by regular students at the examination for an individual course and the same values of grade cut-offs shall be used for processing the result of regular as well as ex-students appearing at the same examination. These cut off marks for the upper and lower limits of grades shall remain same for the re-sit examination of that term only. (i.e cutoff of ODDESE will be applicable

Academic Regulations 2020-21

to ODD RESIT and cutoff of EVEN ESE will be applicable to EVEN RESIT).

Students appearing for examination as Ex-Student, where there are no regular students, the grading will be done by absolute grading system. (e.g. In ODD ESE students of IV, VI, VIII semester appearing as Ex-Students will be awarded grades as per absolute grading table.)

In case of students appearing for examination in Summer Term, only absolute grading table will be used for awarding grade.

19.2.6 Explanation:

'F' Grades

A student who was awarded "F" grade in a core course has to repeat it compulsorily when it is offered next and until a passing grade is obtained.

For the elective courses in which 'F' grade has been obtained, the student may take the same course or any other course from the same category.

Further, 'F' grades secured in any course stay permanently on the grade card. The weightage of these grades is not counted in the calculation of the CGPA, however these are counted in the calculation of the SGPA.

'G' Grade

A student will be awarded "G" grade in a course if the student has registered for audit course only and provided that the student satisfies the attendance requirements as stipulated. This grade would carry no grade points and will not be used in computation of SGPA or CGPA. However, the grade sheet will show this course along with the grade "G".

'H' Grade

A student will be awarded "H" grade in a course if the student has registered for audit course only and he fails to satisfy the attendance requirements as stipulated. This grade would carry no grade points and will not be used in computation of SGPA or CGPA. However, the grade sheet will show this course along with the grade "H" and will remain permanently on the grade card.

'I' Grade

A student having attendance lower than 75% in a course, whatsoever may be the reason is prevented from appearing in the

Academic Regulations 2020-21

ESE for that course in that semester and the student will have to re-register for the course as and when it is offered. In such cases the student will be given "T" grade. The continuous assessment of laboratory course shall be null and void in such cases and the student shall have to re-register for the laboratory course as and when it is offered.

'T' Grade

If a student is absorbed into autonomy from RTM Nagpur University, and has not completed the semester successfully, then he is subjected to the absorption scheme for that semester, prepared by the respective BoS. If he has done the term work for the university course previously, which is equivalent to autonomous course, a student will be granted term under autonomy also. A student has to take the examination of equivalent autonomous course in the institution. In such cases, a student shall be given "T" grade in such courses.

The "T" grade will also be shown in the courses where the student has failed in the course and has opted to forego the continuous assessment marks. This grade will later be converted into suitable pass grades according to performance of the student in the institutional examinations.

19.3 Grade Point Average

19.3.1 Calculation of Semester Grade Point Average (SGPA)

The performance of a student in a semester is indicated by a number called SGPA. The SGPA is the weighted average of the grade points obtained in all the courses registered by the student during the semester.

$$SGPA = \frac{\sum C_i P_i}{\sum C_i}$$

where,

C_i = The number of credits for the i^{th} course of a semester for which SGPA is to be calculated

P_i = Grade points earned in the i^{th} course

$i = 1, 2, \dots, n$ represent the number of courses in which a student is registered in the concerned semester. The SGPA is calculated to two decimal places.

19.3.2 Calculation of Cumulative Grade Point Average (CGPA)

An up to date assessment of the overall performance of a student from the time of his first registration is obtained by calculating a number called CGPA, which is weighted average of the grade points obtained in all the courses registered by the student since he entered the Institution.

$$CGPA = \frac{\sum C_j P_j}{\sum C_j}$$

Where,

C_j = The number of credits for the j^{th} course up to the semester for which CGPA is to be calculated

P_j = Grade points earned in the j^{th} course.

$j = 1, 2, \dots, m$ represent the number of courses in which a student is registered up to the semester for which the CGPA is to be calculated. The CGPA is also calculated to two decimal places.

19.3.3 Students admitted under lateral entry scheme,

The CGPA of diploma holder students admitted to direct second year B.E. under autonomy shall be calculated from third semester of undergraduate program onwards.

19.4 Semester Grade Reports

19.4.1 The semester grade report reflects the performance of the student in that semester (SGPA) and also the cumulative performance (CGPA).

19.4.2 The semester grade card issued at the end of each semester/ summer term to each student, after the publication of result, duly signed by CoE will contain the following:

- Name and Identification of student.
- Month and year of appearance at examination
- Branch and Term of examination
- The credits for each course registered for that semester.
- The letter grade obtained in each course.
- The total number of credits earned by the student at the end of each semester.
- Grade point average of semester (SGPA) and Cumulative Grade Point Average (CGPA)

19.4.3 Semester grade card will not indicate class or division or rank.

19.4.4 The final semester grade sheet will show the performance of the student in all the semesters of degree program along with CGPA.

19.5 Scrutiny of Grades

A student may apply for scrutiny of grades to the Controller of Examinations on payment of prescribed fees, within three days from the date of display of grades / result. The RRMC may check the entry of the weightages from different components of evaluation and their addition, the addition of marks in the final answer scripts and unchecked questions, if any. The results of scrutiny may lead to either a change in grade due to mistake(s) in any of the aspects scrutinized by the committee or the grade may remain unchanged. The results will be intimated to the Academic section within three days from the date of receipt of an application.

The fee paid by the student will be refunded if the grades are revised to the higher grades.

- 19.6 The result of examination will be declared on institutional notice board and website. The gazette of result will be sent to RTMNU.

20.0 Transparency in written examinations:

The institution believes in full transparency in the evaluation process and committed to just and fair evaluation of all students.

- a. The answer books of all written examinations will be shown to students immediately after the valuation has been done and the process is to be completed within seven days from the date of examination.
- b. The student shall sign the cover page of answer book and return it to the teacher.
- c. If the student is unsatisfied with the valuation of MSE, he can discuss the specific points with the course faculty where he thinks the valuation needs reconsideration. The matter will be placed before the departmental committee. The committee's decision shall be final and binding on all the concerned.
- d. If his grievances remain unsolved, the student can approach the Grievances Redressal Committee.
- e. If the student has the grievances regarding the valuation of the ESE or the grade allotment, he/she shall submit the application to CoE. In such cases, the complete revaluation of answerbook shall be done and the change in the marks will be incorporated only if the change is ± 3 marks.
- f. The students shall submit the grievances within the dates given in Academic Calendar.
- g. The answer books once evaluated shall never be given into student's possession.
- h. The marks of practical/non-theory courses of all programs shall be displayed on the notice board on the next day after completion of the examination of a particular course.

21.0 Re-sit Examination:

The students, who have secured the "F" grade in a course, shall apply for the re-sit examination within seven days of declaration of result, by paying the prescribed examination fees. The re-sit examination for students shall be held within 30 days from the date of declaration of result of ESE of a particular semester.

A student shall be permitted to take the ESE as well as resit of ESE of his/her regular term. In case, student fails in both the ESE and its resit of regular term, in the subsequent semester, he/she shall be permitted to take the ESE only. But the resit examination will be offered to him/her, if there are regular students for those courses in the ESE of a particular semester.

22.0 Class/Division

The academic performance of the student for the complete duration of program shall be classified as follows:

- | | |
|-------------------------------|--|
| First Class with distinction: | CGPA 8.25 and above, |
| First Class: | CGPA 6.75 and above, but less than 8.25, |
| and | |
| Second Class: | CGPA less than 6.75 |

22.1 If a student needs to convert the performance index CGPA into equivalent percentage of marks, the following formula shall be used.

$$\text{Percent marks} = \text{CGPA} \times 10 - 7.5$$

22.2 For award for class/division, a condonation of up to 0.05 grade points will be admissible.

- i) Students having CGPA 6.70 to less than 6.75 shall be presumed to have secured First Division
- ii) Students having CGPA 8.20 to less than 8.25 shall be presumed to have secured Distinction Division

If the class/ division is awarded by above regulation, then their Grade Sheet for the Final Semester of the Program shall carry a remark " Division by Condonation" and their original academic record including CGPA will remain unchanged.

23.0 Award of ranks under autonomous scheme

23.1 Merit ranks will be declared only for those students who have

- a. been directly admitted to a course in the Institution under autonomous regulations, and
- b. completed the entire course in the Institution only within the minimum possible prescribed time limit, and
- c. passed all courses prescribed for that program in first attempt only (i.e. he has not secured "F" grade in any course).

23.2 Academic performance will be the sole criterion for award of Merit Rank.

23.3 The students will be ranked on the basis of their performance in the last four semesters of the degree program.

24.0 Attendance

24.1. Regular 100% attendance is expected of all students for every registered course in theory, tutorials, laboratory and workshop.

24.2. A maximum of 25% absence in the attendance may be condoned only on valid grounds.

24.3 A student can seek condonation of absence due to death in family or other emergency beyond student's control. However, students seeking condonation should inform the college authorities immediately and should seek sanction of the absence within a week after joining. The

Academic Regulations 2020-21

- student should submit the documentary evidence to the college authority.
- 24.4 A student seeking sanction of leave on medical grounds should submit the medical certificate from registered medical practitioner on joining. This shall be approved by the DAM.
- 24.5 The students participating in Sports / Cultural event during a semester, shall be eligible for the maximum number of 10 days of absence. Any waiver in this context shall be on the approval of DSA and DAM. The DSA shall inform the concerned HoD in advance with a copy to the DAM. No cognizance shall be taken after the DAM announces the irregularity of the student. This, however, shall be within the limit of condonation of 25% of absence as mentioned in 24.2
- 24.6 The following activities shall be considered for condonation of attendance
- Sports and Games: Inter collegiate, Inter zonal, Inter University, State level, national level or Open tournaments
 - Camps and expeditions of National Cadet Core

- 24.7 A student having attendance lower than 75% in a course, whatsoever may be the reason is prevented from appearing in the End-Semester Examination (ESE) for that course in that semester and the student will have to re-register for the course as and when it is offered. In such cases the student will be given "I" grade. The continuous assessment of laboratory course shall be null and void in such cases and the student shall have to re-register for the laboratory course as and when it is offered.
- 24.8 The attendance shall be computed from the date of commencement of classes as per academic calendar of the Institution.

25.0 Conduct and Discipline of the students

25.1 Introduction

- 25.1.1 Every student is required to observe discipline and decorous behavior both inside and outside the campus and not to indulge in any activity, which will tend to bring down the prestige of the Institution.
- 25.1.2 The following additional acts of omission and/or commission by the

Academic Regulations 2020-21

students within or outside the precincts of the College shall constitute gross violation of 'code of conduct' and will be punishable.

25.1.3 A student admitted to the UG/PG programme shall abide by the "Rules and Regulations" issued by the Institution from time to time.
