REPORT

Compufest 2k24:

Compufest 2k24, a tech fest organized by Department of Computer Technology, took place on 23rd and 24th August 2024. The event featured a wide range of activities including coding challenges, gaming competitions, workshops, and tech-based contests such as Tech Hackathon, Power BI, Scripted Secrets, and AIML workshops. A total of 411 participants participated in the event. The inauguration was conducted by Sneha Taori, a dynamic corporate trainer, TEDx speaker, and aspiring businesswoman. She specializes in topics

ranging from digital media literacy to business strategy, setting the tone for an inspiring and knowledge-rich fest.

Events conducted under Compufest2k24

1. Tech Hackathon

On 23rd August 2024, the Department of Computer Technology at YCCE organized a "Tech Hackathon" providing students with a platform to showcase their technical prowess and collaborate on innovative projects. Mr. Aniruddha Kalbande, CEO, Fireblaze conducted the Hackathon. Participants were given a specific challenge or theme and had a limited timeframe to develop a solution. The hackathon aimed to inspire students to think outside the box, apply their knowledge to real-world problems, and potentially create groundbreaking technologies.

Mission of the Department

To establish learning ambience for ushering in computer engineering professionals in core and multidisciplinary arena by developing problem-solving skills through emerging technologies.

The hackathon was a vibrant and exhilarating experience. Participants were immersed in a collaborative and competitive environment. The atmosphere was buzzing with energy as teams worked tirelessly to bring their ideas to life.

2. Versus Coding

On 24th August 2024, the Department of Computer Technology organized the "Versus Coding" event as part of COMPUFEST 2k24. This coding competition aimed to:

- Challenge participants to solve complex coding problems within a limited time.
- Promote healthy competition among students and enhance their programming skills.
- Provide a platform for both in-person and online participants to demonstrate their coding prowess.

gained a deeper understanding of efficient problem-solving techniques.

4. Scripted Secrets

On 24th August 2024, the Department of Computer Technology organized "Scripted Secrets" as part of COMPUFEST 2k24. This technical treasure hunt aimed to:Engage participants in a fun and interactive way through clues and games with a technical twist. Challenge problem-solving and teamwork skills in a creative and dynamic environment. Provide a unique and enjoyable learning experience that combined technical knowledge with an element of adventure.

14. Smash Karts

The Smash Kart Tournament was a thrilling online event hosted by the Computer Technology Department as part of Compufest. This exciting competition brought together students from various departments to showcase their gaming skills and compete for the title of Smash Karts Champion. Participants battled it out in intense races, demonstrating their strategic abilities and quick reflexes. The event was a resounding success, fostering a sense of camaraderie and friendly competition among the student community.

17. Power BI Workshop

On 10th August 2024, the Department of Computer Technology organized a Power BI Workshop in collaboration with YCCE ACM. The objectives of the workshop were to:

Equip students and professionals with advanced skills in data analysis and business intelligence using Power BI.

The workshop featured sessions led by two distinguished speakers:

1. **Vaibhav Lambat** - Business Analyst at Evercam, who shared his expertise in using Power BI for business analysis, offering real-world examples and best practices.

2. **Rushika Kale** - Talent Intelligence Consultant at Philips, who discussed the application of Power BI in the healthcare sector and the importance of data-driven strategies.
