ICON22.0

REPORT

It is often said that "Patience is bitter but the fruit is sweet" therefore after a long wait of 2 years, ICON:-techfest of the Department of Electronics and Telecommunication Engineering and Electronics engineering of YCCE was held during 1st and 2nd September in offline mode. All the students of YCCE and another college rejoiced a lot. From technical events to e-sports and cultural events every person participated in it actively. In a nutshell, ICON 22.0 was a successful and remarkable event. The event got overwhelming response from the students of all the departments in the YCCE as well as the other institutions.

The Techfest was inaugurated by the hand of Dr. U.P.Waghe , Principal YCCE, Guest of Honor was alumni of ETC department Er. Aniruddha Kalbande, Director, Fireblaze technologies and chief guest of the function was alumni of EE department Er. Ashwin Hatzade, Assistant divisional signal and Telecom Engineer, DRM Nagpur.

2] FUNTUBERS

In this event, you have to showcase any of your talent in a video which will be posted on an official YouTube channel of Electronics Department. The video should be of only 1 Minute and 30 seconds (90 seconds). The winners will be decided on the basis of 50% of likes on the video and 50% on the basis of Talent.

3]TICON

ROUND 1 During this round, you will be required to take an aptitude test. Participants are shortlisted based on cutoff scores.

ROUND2 The top students from the prior round are selected for this round, and they then go through interviews asking some basic questions like how you handle stress, what you want as a career goal, technical questions regarding your area of expertise, and more. As a result of their performance, winners will be selected.

Date: 1/09/22 & 2/09/22

4]TECHKIDDOOS

Science exhibition for 6th to 12th class students along with 1st, 2nd, 3rd year students. Techkiddos provides a platform for the students to use their scientific knowledge and bring the best invention from their brains. It also allows students to work together in groups and learn from each other. Models will be brought by the participants. Physical model, physical presentation as well as video presentation was allowed. Winners were decided based upon their model, presentation and skills.

Event Name: **Tech kiddos**

Date: 02/09/2022

Mode of the event: Online

Department of Electronics Engineering

8]TECHNOFIRE

This event was based on technical quizzes. In Round 1 technical based questions had been asked to the participants. They gained points on every correct answer. 10 students with the maximum points were selected for the next round. In Round 2 aptitude-based questions had been asked, where participant with the maximum points was declared as winner. In case, of tie between participants there was a thought of Tiebreaker round. But there was no need for it. As we got the

clear winner.

13]TALENT BLING

Taling Bling was an open stage competition where various talents were showcased such as dancing,singing,poetry,raping,etc.It was an open stage for every hidden talent.

Department of Electronics Engineering

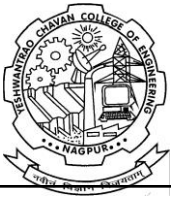

14]CIRCUIT DESIGNING

A topic and problem statements were given according to which the participant had to design the circuit . The organising team also provided the simulation software for trouble shooting and testing purpose of circuit which has been designed by participants. After designing in simulating the circuit on software, participants implemented it on breadboard with actual hardware components.

15]QUIZ BOARD

A Quiz board was made, which contained a number of questions and options. When the participant clicked the correct option their counter was incremented by one and if the participant clicked the wrong answer the buzzer beeped. In this way the participant who got most of the answers correct won.
