On August 23, 2024, the Society of Future Electrical Engineers (SOFEE) organized a workshop on electrical equipment as part of the Electricca 24.0 event. Conducted by Prof. P.S. Shete, the workshop provided participants with valuable insights into the latest developments and applications in electrical engineering.

Prof. Shete covered essential topics such as circuit design, safety standards, and innovative technologies, ensuring a comprehensive understanding of the subject. The session featured hands-on demonstrations and interactive group activities, allowing attendees to engage directly with the equipment and enhance their practical skills.

### ➤ Summary

The "Nirmalya Collection Drive," organized by Rotaract Club of YCCE in collaboration with the Prayaas under the Committee SOFEE commenced at 3:00 pm near Ganesh Mandir Hingna on September 17th. Rotaractors and Prayaas members gathered for the drive on the occasion of Ganpati Visarjan. As people assembled for Ganpati Visarjan near the river, we began collecting and managing the ritualistic offerings (nirmalya) left during the immersion of Lord Ganesh idols. This process involved cleaning up the water bodies, sorting the materials, and ensuring proper disposal or recycling in an environmentally friendly manner.

The "Nirmalya Collection Drive" was essential for environmental stewardship as it addresses post-Ganpati Visarjan waste, ensuring proper disposal and recycling. By cleaning water bodies and managing ritualistic offerings, the drive promotes a cleaner environment, safeguards
