EVENT DATES: 24th September to 26th September 2025

Event summary

Day 1: On 24th September 2025, the morphine motorsports series

inaugurated its first season, the day started with the team registration as soon as we reached there along with complete team. After the registration of all 27 teams the inauguration started with the lighting of lamp and a brief introduction to the competition. Soon after the inauguration as per the schedule of technical inspection the TI started along with the TI the top three teams (one of these team was us) of design presentation round was having a debate for the best design with this the day 1 ended.

Day 2: On 25th September 2025 the day 2 was all about dynamic test starting from the brake test which we cleared in our first attempt itself after this test we were lined up for the acceleration test. Acceleration test was completed successfully with the timing of 5.03sec after this skid pad test was scheduled this was very challenging part for us but we completed it. After that auto cross test was completed as per schedule with all these four test the day 2 ended successfully.

Day 3: On 26th September 2025 it was the 3rd day which started with

Business plan Presentation which was presented by 3 of the team members. After that there was a driver training session where the drivers were briefed about the track. Then the karts were lined on the track followed by the drivers practice on the track. This was then followed by the endurance round. Later that evening there was award ceremony in which we have got the best build quality, Best Business Plan and 2nd runner up in endurance.
